

Split Fashion Design

weeks 1-9

Half Day
ages 12-17

Do you live for Project Runway and dream of bringing your own designs to reality? The Muskoka Woods Fashion Design Institute turns aspiring fashionistas into true fashion designers. Skilled instructors will guide you as you sketch your original designs and turn them into catwalk-worthy creations. If you don't know a pattern from a pincushion but can't wait to learn, mornings are for you! Learn how to operate a sewing machine, cut a pattern and select the right fabric, then create your own design. Afternoons are for intermediate and advanced designers. Take your sewing to the next level and get started on your very own clothing line!

Split Freeride

weeks 1-9

Half Day
ages 12-17

Freeride brings together your love for mountain biking, your craving for adrenaline, and your imagination. It's all about getting from point A to point B in the most creative line possible, with style, control and speed. Tackle a huge variety of terrain including downhill, rocks, dirt, roots and logs, plus North Shore-style ladders, bridges and seesaws. Instructors will coach you through trials and training at our designated Freeride park. You'll pummel through parks and trails and even get a chance to cruise our world-class B3 facility.

Mandatory Equipment:

You must bring your own mountain bike, helmet, knee & elbow pads and bike lock. A limited number of rental bikes are available for out of province guests.
