

# 3.2 MB FREERIDE

[AGES 9-17]

Muskoka Woods provides an ultimate Freeride camp experience for our guests who are serious about riding. Riders will be inspired to challenge themselves to achieve their goals and maximize their potential. Muskoka Woods offers riders a variety of terrain to tackle each day. Riders can expect climbs and downhills, rocks, dirt, roots, and logs. In addition riders will be challenged with North Shore style elements including ladders, bridges and Teeter-totters. A trials and training area is also available to hone essentials skills. New stunts and obstacles are added all the time. Our skilled Instructors will help each rider learn and develop through a progression of levels and challenges. Freeride at Muskoka Woods will be an experience that riders will not soon forget!

MB Freeride is offered as a Split program and guests can select either the morning or afternoon offering. For the remainder of the day, guests will select from the many other programs and activities available to customize a schedule suited to each guest's particular interests. Guests are required to bring their own equipment for participation in the MB Freeride program.

Check out our new Action Sports website for videos and pictures of the parks at [www.muskokawoods.com](http://www.muskokawoods.com).
