# ELEMENTS

The elements of Muskoka Woods... A quiet, still, early morning on Lake Rosseau with mist hovering like a low cloud or the sounds of kids laughing at the waterfront as they try the Blob for the very first time. A 60 foot high ropes course waiting for guests to maneuver and conquer each element or a B3 guest trying a back flip for the first time on his BMX into the foam pit.

8 iMac's in the Underground being used to edit the latest guest video or 24 CEO's exploring the depths of their leadership abilities. 9 sliders & ramps that beg the Wake X guests to grind, slide & jump them better than the last rider or a warm camp fire on a late summer evening with new friends & loving staff. These are just a few elements that make up Muskoka Woods.
