student of local history; and particularly that he is a charter member and now the acting President of the Niagara Frontier Landmarks Association which is the clearing-house of the patriotic and historical societies of Western New York and which, during the past fifty years, has financed, placed or cooperated in the placing of many boulders with bronze tablets or other suitable descriptive markers at places of historic interest on both sides of the International Boundary. Some of these markers are shown in pictures, interleaved in his address and supplied through the skill and courtesy of Harold G. Humphrey, our prize photographer and prized member, to whom as well as to "J. B." this club expresses its many, many thanks.
