My dear Belle

Was glad to hear

from you, was wondering why you
did not write sooner, but I

suppose you can't get to the office

I am not feeling very well but

I guess I will be better soon

when I can get a better rest

we came home the next

Sunday morning, then went

away on Saturday to her farm

said she would be back Sunday

night, but we heard from

her yesterday, so she can't

come until Saturday so that is

quite a while, well your pa

promised me Grandpa to

stop & help me as they are

so busy, he gets the potatoes

ready helps wash dishes

& lots - & dinners
