

Meet. Mac too, I haven't -
heard from Minnie yet -
but - we are getting on
nicely Arthur has to work
in the house I am
keeping pretty well I had
not had a bath for awhile
so I took one a few nights ago
and I got another headache
I wish you would ask James
what he thinks that causes it -
it seems strange, well they
had the silent movement in
the church the boys all went
they didn't think so very much
of the Miss Hubbard bought
some tickets for me to sell
the day you went away
I've had the School teacher
here to dinner that day he
was getting some fruit & berries
they must be pretty good
Norman has gone to Buffalo
