

SUPER CONFERENCE II

libraries@future.connect.on

February 8 - 11, 1996

**Metro Toronto
Convention Centre
TORONTO, ONTARIO**

Cuadra
STAR®

There's only one choice for versatile library software!

Finding software that meets your immediate library automation needs but is also versatile enough for other text management/information retrieval applications isn't really hard. *Just reach for STAR.*®

Up and running, fast. STAR/Libraries is a ready-to-use integrated library application... with classic STAR facilities for importing MARC and non-MARC data, dynamic input validation, flexible authority controls, hundreds of report formatting options, and easy export functionality.

Powerful retrieval with assisted searching.

Staff and users alike benefit from the power of STAR's search engine in combination with graphical user interface options that make searching easy and efficient: **STAR/Client** for Windows and **STAR/Web** for all browsers.

With **STAR/Web**, you can offer fully interactive retrieval with your databases — on the Internet and on in-house networks.

And there's much more! When your library or other units in your organization need to manage other information collections and processes, reach for STAR again: for cradle-to-grave records management of paper and electronic files...special collection and archives databases...integrated solutions for full-text and images...effective access to collections of Web pages...thesaurus development and maintenance... You get the idea.

If you're stuck in a maze of software choices, call us at (800) 366-1390. We'll be glad to show you the right way out.

Cuadra
STAR®
The Right Choice.

School, Richmond Hill
Beth Butler, H.G. Bernard Public School,
York Region Board of Education*

Fundraising Co-ordinators

Janice Hayes, Centennial College

Exposition

*Robert Thompson, Deborah Todd and staff
at Naylor Communications.*

A Worldwide Library of Information

At SilverPlatter Information, we are developing a Worldwide Electronic Library where patrons can find exactly the information they need, regardless of where the information is located, using their choice of software and hardware platforms.

SilverPlatter has already begun to build this library through technology and collaborative relationships. With the introduction of ERL Technology, we have created a technological framework that we are sharing with other vendors so that together, we can develop systems which broaden access to a Worldwide Library of information.

We currently offer a wide selection of databases in the following areas:

- **Food and Agriculture:** AGRICOLA, BIOSIS, CAB, Food & Human Nutrition, FSTA.
- **Health Sciences:** MEDLINE, EMBASE, Nursing & Allied Health, Year Book.
- **Science & Technology:** Concise Engineering and Technology Index, INSPEC, Life Sciences Collection, PsycLIT.
- **Social Sciences:** Social Science Index, sociofile, Social Works Abstracts.
- **Ecology:** Environmental Library, ECODISC, PolTox I.
- **Humanities:** Art Index, Humanities Index, MLA International Bibliography
- **Business:** ABI/INFORM, EconLit, EIU Country Reports, Market Studies.
- **Reference:** Choice, Cumulative Book Index, Peterson's GRADLINE.
- **Occupational Health & Safety:** MSDS, OSH-ROM, FIRE CD, Food & Safety.

SilverPlatter Information
100 River Ridge Drive
Norwood, MA 02062-5043
U.S.A.

Notes and reminder

WHERE TO FIND MEETINGS

Floor plans for the Metro Toronto Convention Centre and the Crowne Plaza Hotel will be found inside the back cover of this program. Meeting room names to some extent identify their location:

Numbered rooms (202A, 205D, etc) are located in the Metro Toronto Convention Centre (MTCC)

Named rooms (Humber, Ontario, etc.) are located in the Crowne Plaza Hotel (CP).

Theatre is in the MTCC.

Ballroom A & B are in the Crowne Plaza. The OLITA Cyberport is a constructed area within Exhibit Hall C. The escalator to get to the Exhibit Hall is opposite from Room 206E.

ADMISSION TO MEETINGS

Your badge is your admittance to any meeting being held on Thursday, Friday and Saturday, except for sessions where a ticket is required. You are not confined to the conference in which you are registered. Please wear your badge at all times. Admittance to the Exposition Hall will be by Badge only.

For fire and safety reasons, admission will be denied to meetings when the facility is full. Rooms have been assigned based on the patterns discerned from sessions chosen by delegates in the registration process. Not everyone provides session selection information and the pattern may change, causing some sessions to fill up unexpectedly. Delegates are requested to make an alternative choice from the approximately twenty choices being offered in any given time.

Certain sessions have already been cancelled based on pre-registration statistics. We apologize for the inconvenience.

AWARDS

The James Bain Medallion

OPLA's award to the Public Library Trustee of the Year will be presented on Saturday at the OPLA/OLTA Awards Luncheon in Ballroom B. Elizabeth Dugard, Chair, Geraldton Public Library Board is the 1996 recipient.

J.W. Robertson Medallion

OLTA's Award for Librarian of the Year will be presented on Saturday at the OPLA/OLTA Awards Luncheon in Ballroom B. Gerda Molson, CEO, Niagara-On-The-Lake Public Library is the winner.

OCULA Merit Award

This annual tribute to an exceptional academic librarian will be presented at the OCULA Awards Reception on Thursday evening.

OSLA Award

The 1995 OSLA Award for Exemplary Library Program in a School goes to Brenda Partridge from Percy Centennial School, Clarington-Northumberland Board of Education at the OSLA/OCULA Awards Luncheon in Ballroom B on Saturday.

Library Building Awards

The new Libraries Advance Ontario Award for excellence in library design will be presented at the Awards Luncheons on Saturday.

Children's Services Award

This annual tribute to an exceptional children's librarian or teacher-librarian will be presented to Adele Fasick on Saturday at the OPLA/OLTA Awards Luncheon in Ballroom B.

Public Library Service Awards

The Hon. Marilyn Mushinski, the Minister of Citizenship, Culture and Recreation will give the annual awards to innovative public library programs at the OPLA/OLTA Awards Luncheon in Ballroom B on Saturday.

BADGES, TICKETS AND RECEIPTS

Your receipt is part of your badge. Do not lose or destroy your badge if you require a receipt.

Your receipt lists all events for which you have paid. You should have a ticket for each item listed. If you are missing any item, please enquire at the official Registration desk in the Metro Toronto Convention Centre's main lobby.

DIGNITARIES

The Honourable John Snobelen, Minister of Education and Training is meeting prior to the Saturday luncheon with leaders from OCULA and OSLA. He is getting his first major impression of our field at the luncheon on Saturday where he is speaking.

The Honourable Marilyn Mushinski, Minister of Citizenship, Culture and Recreation is addressing the OPLA/OLTA Awards Luncheon Saturday.

A strong show of support for these visits is politically necessary. This is the first time a Minister of Education has appeared in decades, and the timing could not be more critical. OLA is gambling that members and delegates will want to obtain tickets and have ordered extras to be bought on-site. These tickets are available for \$24 each and are at the Registration desk in the MTCC.

General Seating for both speeches will be available at 12:25 for those who have elected not to

SHUTTLE BUS SCHEDULE

THURSDAY, FEBRUARY 8

7:30 am - 10:30 pm

FRIDAY, FEBRUARY 9

6:45 am - 6:00 pm

SATURDAY, FEBRUARY 10

6:45 am - 6:00 pm

PICK-UP POINTS

METRO TORONTO CONVENTION CENTRE
Internal Street off Main Lobby

WESTIN HARBOUR CASTLE
South Side of Queen's Quay - use staircase to Street next to the Concierge Desk

purchase luncheon tickets and/or are not registered at the conference on Saturday.

EXPOSITION '96

The hours for the largest library trade show ever held in Canada are:

Thurs., Feb., 8	11:30 am - 7:00 pm
Fri., Feb. 9	10:00 am - 2:00 pm

The Exposition is a significant contributor to the financial well-being of the Ontario Library Association, as well as a significant contributor to your education experience at the conference. Please spend your non-workshop time in the exhibit. There are two food concessions and over 300 booths to explore while enhancing your conference experience.

MEETING CHANGES

Although every attempt is made to avoid changes in meeting rooms and sessions, some alterations may be necessary in such a large program. Watch the *Daily News* details. The newsletter will be published on Thursday, Friday and Saturday.

THE OLASore

The OLASore, located in the main lobby of the Metro Toronto Convention Centre, will be open on Thursday, Friday and Saturday. This year the store is being operated by Shirley Lewis Information Services on behalf of the Ontario Library Association. The store includes works by our speakers and visiting authors, Silver Birch Award nominated titles and a cross section of current and classic library literature from across the continent and from speakers and authors at the conference. OLA's own products will be featured. A complete autographing schedule is on page 11.

Super Conference II Exhibit Directory

as of January 21, 1996

The products and services displayed at the Exposition enrich your educational experience. The Ontario Library Association offers its members and delegates access to the trade show floor as a critical part of the whole continuing education experience.

Here is how...

- ★ You stay informed of newly-released information, products and services...
- ★ You increase your professional knowledge base and that of your staff...
- ★ You improve your purchasing management and development, especially in difficult financial and political times...
- ★ You compare products and services of various suppliers all in one building - an efficient use of your time...
- ★ You develop a contact list of exhibitors who supply products and services in your area of specialization...
- ★ You influence the development of new products by informing vendors of the needs of you and your clientele...
- ★ You save time by not having to arrange appointments with each vendor wanting to visit your library...
- ★ You suggest improvements or alternate uses for products when talking with exhibitors.

**PLEASE REMEMBER TO
THANK COMPANIES AND THEIR
REPRESENTATIVES FOR
SUPPORTING YOUR
ASSOCIATION.
THE EXPOSITION SUPPORTS THE
ACTIVITIES OF YOUR
PROFESSIONAL ASSOCIATION.**

3M Materials Flow Management product solutions optimize the processing and security of library materials, into, out of and through today's libraries. 3M MFM products enhance the library's investment in 3M 'Tattle Tape' Detection Strips and traditional 3M security products. The 3M SelfCheck System, a self service check-out station for patrons and the 3M Staff Workstation are two recent examples of 3M Innovation to enhance library operations.

P.O. Box 98 • Paris, Ontario • N3L 3E5

TEL (800) 263-2664 FAX ORDERS (800) 461-8575

8:30 – IBM Canada

Internet Security

Increase your understanding of issues related to Internet security. Have a look at standards and policies, why security is a problem and what the threats are.

9:00 – Micromedia Limited and SilverPlatter Information

A Worldwide Electronic Library: Sharing ERL Technology

Learn about SilverPlatter's development of a Worldwide Electronic Library (ERL) where patrons can find the information they need, regardless of where the information is located. Look at Micromedia's application of ERL, MAPLE, Canada's first commercial ERL server. ERL Technology, a networking software based on client/server architecture, provides librarians with the tools to collect, organize and distribute electronic information worldwide.

9:30 – The Library Services Centre

Use of Modern Technology as an Effective Tool for Outsourcing

Understand the dynamics and tradeoffs of outsourcing. Hear about the use of modern distributed system architecture to meet the needs of outsourcing the library's technical services.

Convenor: Frances Rukavina, Wentworth Libraries

407 – OLTA

MTCC / 206A

8:30 am - 10:00 am

OLA President 1995*

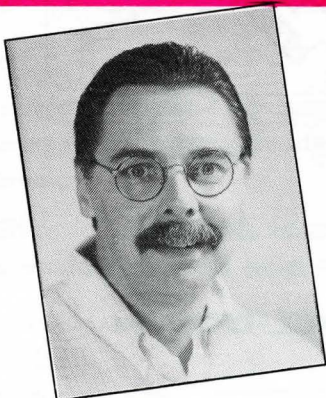

Introduction and closing:

*John Black,
OLA President 1996*

THE VATICAN LIBRARY DIGITAL PROJECT

Fabio Schiattarella has worked hand-and-glove with the ill Vatican Librarian, Father Leonard Boyle. He turns Father Boyle's ideas into reality, bringing the world wide expertise of IBM into the hallowed halls of one of the world's greatest institutions. Fabio has studied in Rome, Atlanta and Naples on the way to one of the great projects of the world. The application of his specialized knowledge in digital image processing for this and other European projects networking, libraries and cultural heritage have made him a widely praised spokesperson in meetings in Europe and most recently at IFLA (the International Federation of Library Associations) in Istanbul this past summer. A RECEPTION IN THE THEATRE FOYER FOLLOWS THIS MAJOR EVENT.

RICHARD LEE

Richard may be the funniest librarian on the continent. His cartoons illustrate Manley's World every month in American Libraries and have amused readers in a number of the Manley collections. Richard will use his cartoons and sketches during this event to entertain and amaze you. His humorous view of the profession, your clients and himself combine with his natural ability to entertain in this bold new ending to another outstanding Super Conference. His numerous books are available in the store during the conference.

THE SCREECH

OWLS SERIES

The Screech Owls Series is the fast-growing and very popular series for young readers — stories that combine drama on the ice and off.

The Screech Owls' Northern Adventure
The Night They Stole the Stanley Cup
Mystery at Lake Placid

by Roy MacGregor

The fourth novel in the series, *The Screech Owls in Europe*, will be published later this year.

Watch for it!

"Young hockey-minded readers will delight in [Roy MacGregor's] grasp of the game as well as in finding a briskly told tale that's frequently funny." — Quill & Quire

Fiction • \$4.99 each • mass market paperbacks
approx. 112 pages each • Ages 10-12

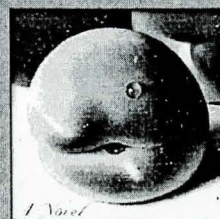

Mystery at Lake Placid • 0-7710-5625-7

The Night They Stole the Stanley Cup • 0-7710-5626-5

The Debt to Pleasure

JOHN LANCHESTER

"The limits to pleasure are as yet neither known or fixed."
— Brillat-Savarin (patron saint of Tarquin Winot)

The Debt to Pleasure
A Novel
John Lanchester

"This is not a conventional cookbook..."

So begins John Lanchester's astonishing first novel, in which the impeccably correct Tarquin Winot, an Englishman of uncertain age, embarks on a journey of the senses that takes us into his past. Wickedly funny and poisonously opinionated, he proves himself a master of sly wit and subversive ideas — and ultimately of something infinitely, quiveringly, sinister.

McClelland & Stewart

The Canadian Publishers

Some people think Dynix is the last word on information management systems.

Actually, we're just beginning the conversation.

It's easy to understand why Dynix is the best-selling and most widely used library automation system in the world. Dynix offers over twelve years of automation functionality to make every library task easier, from acquisition through circulation. Additionally, the Dynix system supports industry standards such as Z39.50 and TCP/IP and uses a client/server model for data display and transfer.

What's the latest?

Dynix has gone graphic. Introducing *Dynix for Windows*—all the power of Dynix with the ease of Windows®. *Dynix for Windows* is the latest addition to the Dynix family of products and will forever change the way you look at Dynix. Instead of typing in commands, *Dynix for Windows* has colorful windows, icons, pull-down menus, and mouse compatibility. But that's not all. Not only have we changed the face of Dynix, we've changed its insides, too. Utilizing client/server

architecture, *Dynix for Windows* is more efficient. With *Dynix for Windows*, you can start using the power of your PC workstations. You can add more users, more tools, and more resources than ever before.

Our promise . . .

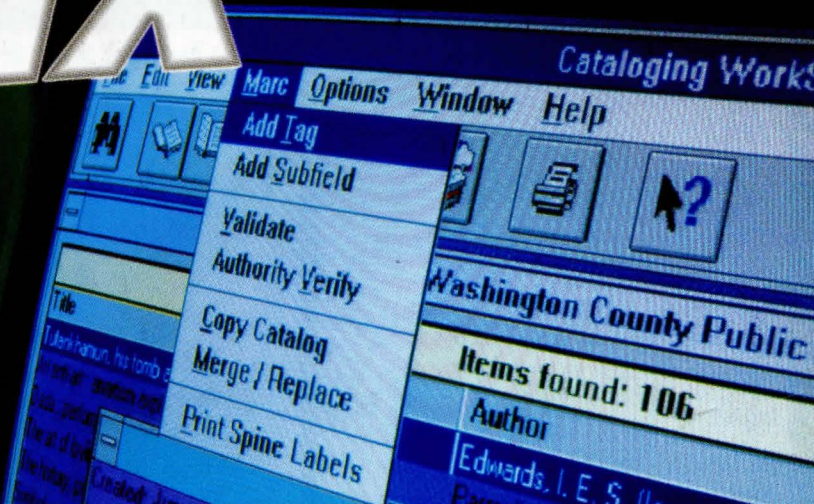

To listen, learn, and respond to your needs.

We're keeping the features you want, the ones that have made Dynix the leader in library and information systems. With *Dynix for Windows*, we're adding the features that you told us you need to better serve your customers.

Whether your library is preparing for its first automation project, or looking to integrate a next-generation system into a dynamic and complex network environment—we have the resources and experience to deliver. Call us, we're here to listen.

Dynix—the leader in providing solutions today to connect your library to the future.
