THE IMPACT OF SCHOOL LIBRARIES

KEITH CURRY LANCE
Director, Library Research Service, Denver, Colorado. Principal investigator for the original Colorado Study.

Over the last year, reports on three related studies in Alaska, Pennsylvania and Colorado of the

impact of school libraries and librarians on academic achievement were released. Hear the evidence linking higher reading test scores to the level of library media program development (how well the program is staffed, stocked and funded), specific leadership and collaboration activities of library media staff, and the extent to which technology is utilized to extend the reach of the library media program beyond its own walls into school offices, classrooms, and labs.
Convenor: Esther Rosenfeld, Learning and Resources, Toronto District School Board.
