

With Special Thanks

Much of the success of the conference depends on the hard work of a small army of volunteers. Students and librarians from across the province devote their time at the conference to act as guides, distribute evaluation sheets and programs, change the room signs and many other details that make the conference a seamless experience for you, our delegate. Thanks to Candice Dahl, University of Toronto, FIS Student and Susan Russell of Erindale College Library for their superb coordination of the following people:

Shelagh Paterson, CNIB Library for the Blind and Cathi Gibson-Gates, Toronto District School Board.
