

Wednesday Schedule

10:30 AM — 11:10 AM

10:30 AM — 11:10 AM

10:30 AM — 11:10 AM | ICTC ONTARIO

Data Literacy 101: Library-Led Data Literacy Programs in Educational Settings

Kasey Whalley, Dufferin-Peel Catholic DSB

Library professionals in school libraries are in an ideal position to demystify data literacy and design effective and holistic data literacy programs. This presentation will offer a framework for building a library-led data literacy program which extends beyond classrooms and engages with current and emerging data literacy tools and trends.

Cyndi Smith, Georgian C

Academic, Data, Literacy, Programming

10:30 AM — 11:10 AM | MTCC 104B

Empowering Libraries with Arts and Culture Programming

Gregory McCormick, Toronto PL

Libraries are often passed over by funding bodies and artists as not significant centres of arts programming. But libraries have long been major contributors to the way the public interacts with the arts. There are important benefits that libraries can use in thinking strategically about marketing arts programming.

Public Libraries, Programming

10:30 AM — 11:10 AM | MTCC 203B

EmPowering Our Youngest People: Storytime Sessions as a Transitional Tool for Pre-JK Students and Their Families

Sarah Oesch, Halton District School Board

Kindergarten is an important milestone for children and their families. While this transition to school can be exciting, it can be filled with nervousness, anxiety, and trepidation. Our Pre-JK storytime sessions ease the transition and make those first days of school fearless!

Public Libraries, Literacy, Reading & Readers Advisory

10:30 AM — 11:10 AM | MTCC 203D

Get on the Map with Amazing Reads Canada

Amy Solecki, Meaford PL, **Lori Ledingham**, Meaford PL

A new engaging reading program for all readers. Have your patrons read their way across Canada with this author challenge. This is an opportunity to involve the Forest of Reading nominees. This program offers exceptional readers' advisory opportunities.

Serena McGovern, Barrie PL

Marketing, Programming, Reading & Readers Advisory

10:30 AM — 11:10 AM | MTCC 201F

Helping Hands: Empowering the Student Community Using Makerspace and Knowledge Building Principles

Sarah Wyche, Upper Grand DSB, **Brie Worgan**, Upper Grand DSB

Our secondary vocational school library has applied the principles of Knowledge Building to real-life projects for students, most notably the formation of a club that 3D prints, assembles, and donates prosthetic hands for people in need. We will share entry points as well as successes and struggles along the way.

Pauline Dewan, OCULA

Maker, Technology

10:30 AM — 11:10 AM | ICTC BALLROOM A

Library and Archives Canada (LAC) Update

Guy Berthiaume, Library and Archives Canada, **Normand Charbonneau**, Library and Archives Canada

An update on LAC activities and initiatives with Dr. Guy Berthiaume and Normand Charbonneau.

Leslie Weir, OLA Past President

Digitization, Library Buildings and Space, Partnerships

10:30 AM — 11:10 AM | MTCC 203A

More Books are [Not Always] Better: Managing the Complex Ebook Purchase Model Landscape at a Small University

Melissa Belvadi, U Prince Edward Island, **Rosie Le Faive**, U Prince Edward Island

Managing ebook purchasing, licensing, MARC records and other access points for overlapping EBA, DDA, subscription, firm, and open access books, for cataloguers, acquisitions librarians, and electronic resources librarians, with original open source code presented.

Academic, Collections, Technology

10:30 AM — 11:10 AM | ICTC HALIBURTON

Powered by the People/Mené par nous tous! : créer une convergence franco-canadienne

Rejean Savard, Asted, **Lionel Villalonga**, Asted

L'Asted, qui fête ses 75 ans, propose des solutions pour fédérer le monde professionnel canadien francophone. La présente conférence viendra étayer ces divers outils (webinaires, congrès, etc.) et les liens qu'elle souhaite développer avec la CFLA et l'OLA/Partnership, de même que sa vision d'avenir.

France Séguin-Couture, 2019 ABO-Franco Présidente

French Services, Academic, eLearning, Human Resources

10:30 AM — 11:10 AM | MTCC 206B

Privacy Please! Helping Canadians to Protect Personal Information in the Digital Era

Anne-Marie Cenaiko, Office of the Privacy Commissioner of Canada

Canadians are expressing concerns about how to protect their privacy. The Office of the Privacy Commissioner of Canada is here to offer tips and information to help library staff empower Canadians (including youth and seniors), and will explain where to find free resources to further privacy education in communities.

Samantha Summers

Special Libraries, Outreach / Advocacy, Public Service, Technology

10:30 AM — 11:10 AM | MTCC 202D

Research Data Management: What Is It and What's Happening In Ontario

Jane Fry, Carleton U, **Meghan Goodchild**, Queen's U

Assessment of your teaching is important and should be done regularly. We will be looking at some surrounding literature for assessment. Then we will discuss some real life cases of self-assessment. Finally, we want you to share any tips or tricks that have worked to make your teaching more effective.
