Empowering Monograph Creation: New Directions for Creative and Scholarly Publishing

Inba Kehoe, U Victoria, **Ann Ludbrook**, Ryerson U, **Sally Wilson**, Ryerson U, **Caroline Daniels**, Kwantlen Polytechnic U, **Lin Brander**, BCIT

We will discuss the emerging role academic libraries can play in supporting non-traditional, open and scholarly monograph publishing. Participants will learn how to pilot and partner to create a sustainable digital monograph publishing environment. Considerations regarding support, workflows, marketing and cross-campus collaborations will be highlighted.

10:45 AM — 12:00 PM | MTCC 104CD

Investigating Makerspace: Tools and Strategies to Support and Engage All Learners

Stephanie Morris, Waterloo Region DSB, **Jen Taylor**, Waterloo Region DSB

This session will explore how teacher-librarians can embed maker philosophies into their library learning commons to better engage all learners, and develop their 21st Century Competencies. Participants will interact with high and low tech maker tools that enhance and support learning in a variety of subject areas.

10:45 AM — 12:00 PM | MTCC 104B

Let's Get Together: School and Academic Librarians Unite to Tackle the IL Gap Between Secondary and Post-Secondary Education

Tracy Zahradnik, U Toronto, **Karen Weber**, Halton DSB, **Susie Choi**, U Toronto, **Colleen Burgess**, Western U, **Heather Buchansky**, U Toronto

Perceptions of preparedness in relation to information literacy is an important issue impacting first-year students transitioning from high school to university. This "unconference" session will move beyond discussing barriers and focus on creating solutions. At this session, we will identify problems, unpack challenges, and create actionable solutions together.

Maureen McGrath, OSLA, Algonquin and Lakeshore Catholic DSB

Surfin' Seniors: The PSPL Little Program That Could!

Rita Orr, Parry Sound PL, **Cayla Norrie**, Parry Sound PL, **Kate Taylor**, Parry Sound PL, **Kristina Brics**, Parry Sound PL

The PSPL created an inter-generational computer training platform that reached over 350 seniors in eight weeks. Do you want to facilitate an effective program for seniors in your community? We took a simple idea and turned it into an innovative and successful program with limitless possibilities for extensions and growth.

10:45 AM — 12:00 PM | MTCC 203D

Using Games to Teach Library Concepts

Ruby Warren, U Manitoba, **Amanda Wheatley**, McGill U

Games are an effective way of increasing learner attention and retention, providing opportunities for both fun and experiential learning. This workshop will look at ways you can use games to teach library concepts (like information literacy and information access) to library users, and explain why they work.

Margaret Vail, St. Francis Xavier U

10:45 AM — 12:00 PM | MTCC 201D

Why Comics Are Different (And Why They Should Be)

Lindsay Gibb, OCAD U, **Andrew Woodrow-Butcher**, The Beguiling Books and Art

When advocating for comics in libraries, we often argue that comics are just the same as other literature - just as good, just as valid. But this session will explore the ways in which graphic novels flourish when treated as special collections, from selection and procurement through marketing and advocacy.
