### Spotlight Speaker

#### Garfield Gini-Newman

Garfield Gini-Newman explores how to teach through critical inquiry while nurturing deep conceptual understanding and genuine competence. As an associate professor at OISE/University of Toronto and the senior national consultant with The Critical Thinking Consortium, Garfield has worked with thousands of teachers across grades and subjects, helping them to frame learning around engaging and provocative activities and authentic assessments. His most recent book co-authored with Roland Case, *Creating Thinking Classrooms* has received widespread praise from leading educators across Canada and internationally.

### Spotlight Speaker

#### Deborah Dundas

Deborah Dundas is an accomplished and versatile professional with 25 years of local, national and international experience in multimedia, web, print journalism, marketing, public relations, public speaking and television production. She is also a books editor at the *Toronto Star*. Deborah recently wrote an article sharing a *Toronto Star* survey on the state of diversity in Children's books in Canada, *Who do we see in kids' books?*

### Spotlight Speaker

#### Leigh Cassell

Leigh Cassell is a learner, innovator, and partner in learning with teachers and students around the world. Leigh works full-time as an AMDSB Technology Coach and she is the Founder & President of the Digital Human Library. Leigh collaborates with teachers and students, focusing on integrating innovative technologies effectively to inspire learning, create global connections, develop 21st Century Competencies, and prepare students to succeed as next generation learners.
