TVO in the Classroom

At TVO, we believe learning has the power to ignite potential and change the world. As we get ready to celebrate TVO's 50th birthday, we continue to create powerful learning experiences for Ontarians of all ages. We do this through TVO's portfolio of impactful digital learning products, award-winning TVOkids content, in-depth current affairs, and thought-provoking documentaries.

tvo Never stop learning

With TVO in the Classroom, educators can easily access and incorporate TVO videos, articles, documentaries, games, and TVOkids content to enhance in-class learning for students in Grades K-12. More than 10,000 videos, articles, and games are available through the Ontario Ministry of Education's Virtual Learning Environment (VLE). Searchable by grade, subject, and keyword, TVO in the Classroom provides invaluable support to educators in developing and sharing engaging lessons with students in the classroom.

Here is an overview of what we offer:
