HAPPENING IN THE LIBRARY WORLD

[Culture Days in Ontario](#)

September 26 - 28, 2014

Did you know that libraries in Ontario are one of the largest supporters of Culture Days? If your library is hosting an event, here are the social media resources:

- **#MyTownMondays**: feature a different community each Monday participating in Culture Days with a link to the activities currently registered in that town. Posts are anchored with a public art pic to promote the idea of culture365
- **#HotTipTuesdays**: link to a different Culture Days resource i.e., PR Toolkit, Venue finding Tip Sheet, etc.
- **#ThrowBackThursdays**: pics of Ontario Culture Days activities from the last 4 years
- **#FeatureFridays**: a different 2014 highlight activity each week
- **#FollowFridays**: Suggests groups and organizations to follow - usually with a theme (Ontario Dance companies participating in Culture Days, ASO's, etc.)

Please share widely and comment on these posts to expand the Culture Days presence.

Also: please remember to tag [@OnCultureDays](#) and [#CultureDays](#) or [#CD2014](#) on your posts so that your news can be reposted.

Science Teachers' Association of Ontario (STAO/APSO) Science Conference

November 13 - 15, 2014

The International Plaza, Toronto Airport

Each November, the STAO2014 holds a Science Conference - this year, in Toronto. This conference provides illuminating workshops and information sessions for delegates as well as a large exhibit area. Over 100 booths are available and over 1,600 delegates attend the 3-day event.

New this year, a new event, "Elementary Extravaganza," will be dedicated to Elementary teachers and Librarians from all subject areas. This event will be held on Saturday, November 15, 2014.

Visit www.stao.org for more information on STAO2014.
