

of digitization artifacts, and will leave with a deeper understanding of the copyright considerations related to these projects.

OLA SUPER CONFERENCE 2015: THINK IT. DO IT!

SUPER CONFERENCE NEWS REDUX

#OLASC15

We're SUPER excited to bring you an exciting lineup of All Conference Speakers this year! So let us ask you, what kind of speaker would you like to see:

- a) a graphic novelist and cartoonist specializing in gorgeously detailed depictions of an aging Canadian town and his heartbreaking personal experiences;
- b) a performance and Q&A from a quirky group of podcasters depicting an eerie desert town rife with conspiracy theories, dark hooded figures and malevolent librarians;
- c) an honest and candid view of the publishing industry from a female renegade intent on revolutionizing media for women;
- d) a leading contemporary thinker looking to help us discover new technologies and working styles that allow us to work more effectively without getting stuck in endless meetings?

Guess what? You don't have to choose. You get to see ALL of these wonderful speakers at Super Conference 2015! Visit [the Super Conference website](#) or download our [new mobile app](#) for more information.

Copyright Questions – A Free Service for OLA Members

OLA has a partnership with Community Legal Services (CLS) at Western University where law students, under the supervision of a lawyer, provide legal opinions on intellectual property (IP) matters (trademark, copyright, patent, personal data protection, privacy, etc.) to persons or organizations.

How does the service work?

Questions pertaining to copyright law, trademark, patent, personal data protection or privacy, as with any legal questions, are situational and specific. Members can ask a question, at no cost, for which a legal opinion may be provided. Visit our [website](#) to find out how the process works.
