Huron College, Western University

OPLA's [Community-Led Libraries](#)

[Think Tank](#) is for you whether you are just getting started with a community-led library approach or you've already embraced the concept. The day features an opportunity to discuss themes and issues related to community-led in small groups, to share ideas and best practices and to hear from experts in the field.

This year's Community-Led Think Tank promises to be a full day of collaborating, learning and networking featuring keynote presentations from John Pateman, Thunder Bay Public Library and Michael Ciccone, CELA.
