Access 2017 Registration Now Open

[Registration for Access 2017](#) is now open. Join us Sept. 27-29 in Saskatoon for 3 days of in-depth analyses, presentations, lightning talks, a hackfest, and plenty of time for networking and social events. Registration will be capped at 150; take advantage of the early-bird registration prices until July 1.

This year, there are two all-inclusive diversity scholarships (includes hotel, registration & transportation, up to $2,000 CDN). The Access Conference is committed to fostering diversity in the field of library technology. To encourage diversity, the 2017 Access Conference is proud to have a distinguished [diversity scholarship committee](#) coordinating and adjudicating submissions for these awards. [Application details available now](#) and closes June 16.

Save the Date! Bibliometric & Research Impact Community of Practice 2017

Interested in networking with colleagues providing support for bibliometric and research impact support? Join us for a full day focused on discussing bibliometrics and research impact with the view of building a community of practice.

What: Bibliometric & Research Impact Community of Practice
When: Wednesday May 31; detailed agenda to follow soon.
Where: MacOdrum Library, Carleton University, Ottawa, Ontario
Cost: Free

This event will include panel and group discussions with the view of exchanging best practices, sharing lessons learned, and establishing a network of practitioners; themes for this inaugural meeting include:

1.   Aggregating bibliometric data at different levels (author, subject, institution);
2.   BRI information literacy for diverse campus stakeholders;
3.   Ethics & raising awareness on issues such as the sensitivity & confidential nature of BRI data, librarian role, etc;
4.   Unique metrics such as altmetric data, metrics for the arts & humanities, author identifiers, institutional repository metrics, and others;
5.   Looking ahead and moving forward.

If you are interested in speaking on a current BRI project, based on this year's themes, please email [Eve Richard](#) or [Shannon Gordon](#) for more information.
