UPCOMING WEBINARS

Join the Continuing Education Certificate Program

Do you know how much time you spend on learning and development activities, and how much you are learning? Does your employer?

Our profession and industry is changing, and as a result our work environment is one that requires continuous learning. The articles you read and write, conferences and webinars you attend and the formal training you take all add value to your professional development.

As a member of the Partnership, Canada's network of provincial Library Associations, the OLA is pleased to offer our members the Continuing Education Certificate (CEC) to enhance your professional development. The CEC is a national program that gives you the tools to plan, document and reveal your professional development activities, and to connect with volunteer mentors to guide your learning process.

At the end of the three year program, you receive a certificate documenting your learning activity. The registration fee is \$40.00 for the entire program.
