IDC Design Symposium

Mark your calendars and join the Interior Designers of Canada in September 2018, as they host one of North America's most uplifting, inspiring and expansive educational conferences showcasing the true value of design.

Stake your place at the table as they bring together thought leaders, subject experts and game changers from the wider design, business and media community to highlight the crucial role of design in shaping a productive, healthy and inclusive society.

Over three thought-provoking days, they're aiming to expand your horizons, as well as your network and skills base through a program of in-depth education, expert panel discussions, guided design tours, awards galas and breakfasts, emerging professionals programs and provocative conference keynotes.
