## OLBA Super Conference Travel Bursaries

For library board members who live in northern Ontario, travelling to the OLA Super Conference may be costly. The Ontario Library Boards' Association (OLBA) Bursary Draw assists board members in distant communities with travel expenses to our conference, and allows them to choose from hundreds of professional development events, including the OLBA Board Bootcamp. Every member of a library board should attend Super Conference at least once. It's a fantastic experience and a tremendous opportunity to learn and network.

There are also five Travel Bursaries available from OLBA for those who live in northern Ontario. [Read more information](#) on those travel bursaries and how to apply.

**Deadline for applications is November 15.**
