CFLA-FCAB Indigenous Matters Committee - Comité des questions autochtones de la FCAB-CFLA (IMC-CQA)

The CFLA-FCAB Indigenous Matters Committee - Comité des questions autochtones (IMC-CQA) has been very busy in the last year laying the foundation for implementation of the CFLA-FCAB Truth & Reconciliation Report and 10 overarching recommendations. The working group is looking at promoting initiatives in all types of libraries to advance reconciliation by supporting the Truth and Reconciliation Commission (TRC) Calls to Action and promoting collaboration on these issues across all Canadian library communities.

The White Team, has developed a survey to allow libraries to report their activities and self-assess their progress. Responses to the survey questions, once compiled, will allow the White Team to compare reported activity against the TRC Calls to Action to identify good practice and detect gaps. All other IMC-CQA working groups and teams will also use these responses to inform their work going forward.

Please take a moment to visit the survey:

FUNDING

Canada Post Community Foundation Funding Opportunity

Public libraries and school libraries are eligible in addition to non-profit organizations to apply to the Canada Post Community Foundation.

The Foundation's objective is to provide support for initiatives that benefit children.

Deadline is April 5.

GET INVOLVED

Library Impact Community of Practice

Are you involved with collecting, analyzing or reporting data and metrics for your library? Want to exchange ideas with colleagues also working with library data?

You're invited to join an ad-hoc Library Impact Community of Practice, an email group created to share ideas, and approaches to reporting library data and using data to demonstrate the social impact of libraries.
