

LEARNING

University of Toronto iSchool Symposium

Topic: Cybersecurity: Libraries ARE a Target!

Date: July 11-12, 2019

What do you need to have in place to have a secure library? What do your libraries need to recommend to their clients so they are safer online? No matter what type of library, public institution, museum or community organization you are with, you need to be prepared and knowledgeable about cybersecurity. Join the University of Toronto iSchool experienced, knowledgeable practitioners and leaders in cybersecurity to up your game in your organization.

OLA members are eligible for a 20% discount on registration. For more details and program visit their website [here](#).

LEARNING

Learning to Plan on Library Island

On June 6 and 7, the University of Toronto iSchool presents a unique opportunity to learn from two internationally renowned consultants Matt Finch and Peter Morville as well as from some of your colleagues.

This event marks the North American introduction of the Library Island technique already in use in Europe. Get a different perspective and some terrific planning techniques as well as practice when you register for this event.

OLA members are eligible for a 20% discount on registration.
