Your School is Invited to Hackergal's 5th Annual Hackathon on December 11!

Hackergal is a federally-funded non-profit organization that introduces girls across Canada to code through their signature hackathon program. Partnering with schools, Hackergal provides educators with free resources and tools to bring coding lessons to their schools!

The Hackergal Hackathon invites Grade 6-9 girls to collaborate in teams to code a visual story or game focused on creating a social impact. On hackathon day, they virtually bring together thousands of girls from West coast to East coast Canada on a live video call! Come join the movement and learn more by emailing Hackergal [here](#).

ADVOCACY

November is Financial Literacy Month! #FLM2019

Financial literacy is important for the financial well-being of individuals, but also for the economy as a whole. Understanding the basics about money is as essential today as numeracy and basic literacy.

Education Savings Week is November 17-23, 2019. You can showcase programs and services that help parents save for their child's education at [Canada Learning Bond](#).

Libraries: consider offering programs and displays to help people become financially empowered. You can register your program [here](#).
