Companies seem to be particularly active

in trying to get the public to believe that they are the most successful in obtaining premiums at the different State and County Fairs in the United States, and also at the Agricultural Exhibitions in the British Provinces. In the be-NI Liberal Settlement of Losses. Farm Stock Insured. Losses by Lightning made ginning of our career, we also were careful to exhibit our Machines at the principal Fairs, but after having received the Gold Medal of the American Institute, for two successive years, and many other valuable prizes at most of the important exhibitions in this country as well as the Gold Medal of the "Universelle Exposition," at Paris, in 1855, and so forthmore than all, when the public at large admitted that our Manufacturing Machines were the very best, and when governments felt the necessity of buying them to make clothing for their soldiery, we began to feel there was no great advantage to be derived by continuing to exhibit Machines, the good qualities of which no one disputed. The French Govern-ment use our Machines extensively in the THE UNDERSIGNED -- Agent for manufacture of clothing for their army, and recently the British Government purchased machines largely for a similar, purpose. The proposals for Fire and Life Assurance, at extent to which they are used in the making of clothes for the United States forces is too Machine embodies the most important principle of the Manufacturing Machines, the day has arrived when it is as noted for family use, and as indispensable, as the Manufacturing Machines are for manufacturing purposes. It received the first premium at the New York State Fair, over all competitors this season, as did also the Manufacturing Machine, and they now invariably receive First prizes wherever exhibited, but we seldom exhibit, and other makers can of course boast of First remiums, when the Singer's Machine is not Company-cannot fail to place the Royal as

Ottawa, Dec. 15,1865 .- Mr. W.G. Beach : Dear Sir: I beg to state, in answer to your inquir ies, that I am well pleased with my Singer Sewing Machine. It works easily, and I prefer it to a Wheeler, Wilson, as it is much less complicated, and easier learned.—Yours, truly,

Mr. W. G. Beach: Dear Sir: The Singer Sewing Machine I purchased from you near DAVID TORRANCE, Esq. ly two years ago has always given me perfect satisfaction. It is simple, easily learned, and not liable to get out of order. I can with confidence recommend it to my friends and the

public as being a first-class Machine Mr. W. G. to purchase Singer's Machine; MESSES, BROUGH & Co. C.W. BANGS & Co.say : "I have two of the Singer Machines, one I purchased some five years ago, and have kept it running constantly. It is just as good as the day I bought it; the other I have had some four manths, and cannot find any fault with it whatever. I can with confidence recommend them to the pub-

O'MRARA & Co. says, "The Singer Manufacturing Machine we purchased from you nearly two years ago, has given entire satisfaction We have kept it in operation ten hours a day, since we got it, and it is as good to-day as ever. We can recommend it as being the very best kind ever invented."
