tunate, he has conquered and has his reward mund Head, which we published a. few days | cr. | This last discovery, coming quickly upon cool a reasoner ought to have prevented the ceive he has done. Not satisfied with heaping indignity upon the representative of the Crown in Jamaica, Mr. Cardwell actually proposes to subvert the government of the colonv-proposes to abolish the Colonial government, and that the home government should resume active control of the administration of the Island's affairs. This will be fully understood by the extracts we make from West India papers. In the House of Assembly on the 13th of December. Mr. Westmoreland presented the following communication:-MESSAGE FROM THE CAPTAIN GENERAL AND GOV

ASSEMBLY. E. Eyre, Governor :-

The Governor has much pleasure in laying patch which he has received from the Secretary of State for the Colonies in reference to the late rebellion. The Governor also takes this opportunity of acquainting the Legislature that so convinced are her Majesty's government of the paramount importance of a Strong government being at once constituted in Jamaica that he has been confidentially informed (and which under existing circumstances, he feels justified in communicating to the Legislature | that although for many years the disposition and practice of the crown has been rather to devolve on colonial representative bedies the powers and responsibilities of government than either to keep the powers it possessed, or to assume powers and responsibilities which has not heitherto belonged to it, yet in a case in which the crown's deprivation of power is in compatible with the welfare and even the safety of the colony there would be no hesitation or the part of her Majesty's government to acco any amount of additional responsibility which crown to deviate from its ordinary policy and practice and to undertake the responsibility of directing the affairs of Jamaica for the future gislature so to amend the act recently passed morning says: " Last hight the fine lar to alter and amend the constitution as would leave her Majesty unfettered in determining the character of the future constitution and admithe country is to be conducted.

ERNOR-IN-CHIEF TO THE HONORABLE HOUSE OF

The message was ordered to Mr. Westmorland stated that, with the per-

mission of the House, he would introduce a bill | possesses a fine imagination.

to carry out the suggestions contained in the message of his Excellency. Mr. Charles hoped the House would not connt to any such thing.

(From the Kingston (Jamaica) Journa! Dec. 14.) sembly, covering extracts of a despatch re- draw a large audience, as it will be in taken any one by surprise; but one fact seems inexplicable, and that is that the despatch has been held back till the bill to amend the poliused the most extraordinary means, and showed most unusual, some people may say
