MINERAL LANDS

DEPARTMENT OF CROWN LANDS, OTTAWA, 13th March, 1866.

REGULATIONS FOR THE SALE OF MINERAL LANDS

By His Excellency the Governor-General in Council.

1.—That each regular mining tract in unsurveyed territory shall consist of blocks of two hundred or four hundred acres.

2.—That the dimensions of each regular mining tract of four hundred acres be forty chains in front by one hundred chains in depth, and similar tracts, except on lakes and rivers, in the same proportion. The bearings of the outlines to be North and South, and East and West respectively.

3.—That mining tracts bordering upon lakes and rivers shall have their frontage upon such waters, and shall be subject to all claims of the public right in navigable or floating waters; and that mining tracts so situated, shall have a mean depth of one hundred chains back from such river or lake, exclusive of road allowance of one chain in width, which shall be reserved along the margin of such river or lake, in conformity with the above mentioned bearings.

4.—That mining tracts in surveyed territory shall be surveyed by a Provincial Land Surveyor, and connected with some known point in previous surveys (so that the tract may be laid down on the office maps of the territory), at the cost of the applicant, who shall be required to furnish a plan, showing the plan, field notes, and descriptions thereof, in accordance with the foregoing regulations, and to the satisfaction of the department.

5.—The price shall be one dollar per acre, payable into the Department of Crown Lands at the time of making application.

6.—That in surveyed townships, lots presenting indications of minerals, be sold on the above conditions, but at not less than one dollar per acre in any township, and at the same price as the other lands in the township, when it is more than one dollar per acre.

7.—That mining lands in surveyed townships be sold by the local agents for cash, but all lands in unsurveyed territory shall be sold by the department.

8.—The above regulations do not apply to mines of gold and silver.

9.—That in mining lands the gold mining department is to discriminate as far as practicable between purchasers for present settlement, lease, sale, and choice for mining or speculative purposes: selling the former for the present purposes and terms (subject to an increase to \$4 an acre, under the order of His Excellency the Governor-General, worked for gold); and to the latter for one dollar an acre—cash.

10.—That in Letters Patent for Lands on the shores of Lakes Superior and Huron, the clause reserving all mines of gold and silver be omitted at the discretion of the Commissioner of Crown Lands.

11.—All previous regulations inconsistent with the above are cancelled.

EDUCATION IN ENGLAND, TORQUAY, DEVONSHIRE.

MRS. BLACKMAN and HER SISTER, MISS BENNETT, receive for board and education a limited number of young ladies, to whose moral and religious training, on Church of England principles, they devote their utmost attention. The domestic arrangements of the establishment are under the personal superintendence of Mrs. Blackman (a widow), whose great experience in the management of children renders her peculiarly well adapted to promote the comfort and happiness of those entrusted to her care. The salubrity of Torquay is too well known to medical practitioners in all parts of the world to require comment.

The course of instruction comprises a thorough English education, with French, the terms, £40 sterling per annum, payable half-yearly in advance, include seat at Church, laundries, and all other necessary, except books. Drawing, (on the system termed at the Government Schools of Art), Music, Dancing and German, each £5 per annum extra. The vacations will be few weeks at midsummer, and a month at Christmas. Pupils desiring to bring the holidays £10 per annum extra. (Should it be desired, Mrs. Blackman will be happy to receive travelling expenses being paid), to meet on their arrival in England.
