Cholera Preventive. KEZDIE FILTER. The only sure and Reliable Filter Manufactured GUARANTEED FOR 10 YEARS.

READ THIS! The great importance of pure water in promoting health is universally acknowledged, and the difference between the action of pure and impure kinds has been conclusively shown by the Reports of the Cholera Commission.

I should, therefore, very strongly recommend the use of the Kezdie Filter, especially in those localities where the water is impure, and is not of the best quality, as being at the same time both simple in construction, and efficacious.
