Scrofula and Scrofulous Affections, such Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases. OARIAND, Ind., 6th June, 1859.

J. C. ATER & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sametimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that, any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostlos of the age, and remain over gratefully. Yours, ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy. Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1900, that he has cured an inveterate case of Bropsy, which threatened to terminate fatally, by the persovering use of our Sarsaparilla, and also a dangerous Mulignout Erguipelas by large doses of the same; says he cures the common Eruptions by it constantly. I have cured many inveterate cases of Leucorrhoes by it, and some where the complaint was caused by ulceration of the ulcres. The ulceration itself was soon cured. Syphilis and Mercurial Disease. NEW ORLEANS, 25th August, 1859. Dr. J. C. Aven: Sir, I cheerfully comply with the remest of your agent, and report to you some of the effects I have realized with your Barrapasilla. I have cared with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Venercal and Mercuriot Disease. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the sorder would soon reach his brain and kill him. But it some disfiguration to his face. A'woman who had been from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. Sho, too, was know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results

with it have not surprised me. Fraiernally yours, G. V. LARIMER, M. D. Rheumatism, Gout, Liver Complaint. INDEPENDENCE, Preston Co., Va., 6th July, 1850. Dr. J. C. Avan: Sir, Thave been afflicted with a painful chronic Rheumatian for a long time, which buffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Samaparilla. One. bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wenderful medicine. J. FREAM. Jules Y. Getchell, of St. Louis, writes: "I have been ifflicted for years with an effection of the Liver, which estroyed my health. I tried every thing, and every thing. failed to relieve me; and I have been a broken-down man for some years from no other came than decongrment e the Liver. My beloved pastor, the Rev. Mr. Espy, plvised me to try your Sarmparilla, because he said he knew you. and any thing you made was worth trying. By the bloss ing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The cest that can be said of you is not half good enough."

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia Many remarkable cures of these affections have been nade by the alterative power of this medicine. It stimuates the vital functions into vigorous action, and thus vercomes disorders which would be supposed beyond its
