The Montreal Gozette learns that the Cooner had dismissed the jury at Rathmond Saturday last, on the ground of want of jurisdiction, so that no verdict was rendered. An inquest on the body of the engine driver will therefore have to be held in the district o Arthabaska in which the accident took place whereby he met his death. These nominations having been made the duly organised machinery of the party, will, of course, be accepted, otherwise any Reformer who refuses to support the ticket will be denounced as a Tory and a corrup tionist. The Reformers of North Wentworth who are favorable to Confederation, and surely there must be some amongst ther who have hitherto gone with the Globe and Hamilton Times in its support, will now to vote for one of its avowe ties of the reorganising of parties. Yet we hear denunciations of Coalitions because of their immo rality and their tendency to weaken devotion o principle ; but surely no more immora Coalition can be found in the whole range Canadian politics either past or present than that exhibited by the coalition of Messrs. We may write our names in Albums,

We may trace them in the sand ; Or chisel them in marble, With a firm and skillful hand, But the pages soon are sullied, Soon each name will fade away ; Every monument will crumble. Like all earthly hopes decay. But, dear friend, there is an Album, Full of leaves of snowy white :

Where no name is ever tarnished, But forever pure and bright. In that " Book of Life," God's Atbum, May your name be penned with care, And may all who here have written, Write their names forever there.
