REPLY,

DAVID MOORE.

McCormick, Esq., J. Aumand, Esq., J. Goodwin, Esq., Donald Dic, Esq., David Moure, Eng., and others?

I have much pleasure in accepting your requisition, so respectably and numerously signed. From my experience in commercial transactions, and long residence amongst you, it would not, I trust, be considered presumptuous in me to say that I have a deep interest in the welfare and advancement of this section of the country, and lay claim to a thorough practical acquaintance mode of their best development. Should I be the choice of the people I pledge

myself to devote my best energies to the advancement of our County generally, but more especially to all that will contribute to the prosperity of our rising City, and that great staple trade so closely identified with the progress and prosperity of the Ottawa valley.

Classes of Assurance. IN CLASS A. THE BONUSES commencing at an early stage of the Policy.

ALLOCATION OF PROFIT IN Cash is made every year in this Class to all policies of not less than five years' standing at the preceding Annual Balance, and each Policy-hold- Ottawa, March 5 er's share is applied in payment of his next annual premium. The outlay required for the policies has, thus, for many years been only from 62; ets. to 75 ets. per \$1 of the premiums according to standing, and commencing with those due at the end of the sixth year.

CASH PROFITS of more than £300,000 sterling have been distributed in this manner to the Policyholders during their own lives.

IN CLASS B. THE BONUSES Are unusually LARGE ADDITIONS to the S ASSURED, and may be exchanged for a

Most Important Provision in Old Age to the Policy-holder himself. At the Division for the 5th December, 1865, the large Bonus Addition of £4 per cent. on the Sum Assured was declared for every Premium paid on each participating policy, and payable along with the Sum Assured, provided the Lite attain the ave-rage expectation of persons at his age of entry. It is evident that at this rate of Bonus the Sum Assured will be more than doubled in a comparatively

short period.

But the Policy-holder has the option of exchanging these large Bonus Additions when he reaches the average period of life, for an equivalent in a VALUABLE PROVISION FOR MIS OWN AF-TER-LIFETIME BY A CASH PAYMENT

an addition to his Assurance of . £ | 560, making the sum assured £2560, instead of £1000. Or, he may then exchange this large Bonus Addition for One Cash Payment of about £1000 to

Or he may exchange the Honus Addition for an Annuity of about £102 payable during his life. Such exchange will in no respect affect the sum Of every description, in the neatest and most dur-Assured, which, as well as the right to future Bonuses will remain intact for the Heirs or other purposes of the Policy-holder.

UNDER NO OTHER SYSTEM obtained, whether as regards increase of som Assured, or an equipalent in Cash Paymentor Life Ametity.

An Assurer during the current year in Class B. will receive, at next Division, One-Fifth more Bonus than later Entrants—the difference being probably so much as £40 on a £1000 policy The 28th Annual Balance will be made on 5th April, 1867. Previousjentrants will rank for profits as of one year's longer standing than later entrants. P. WARDLAW. SECRETARY.
