DARLEY'S

Arabian Heave Remedy

AND CONDITION MEDICINE

IS POSITIVELY SUPERIOR TO ANY or all other preparations for the cure of *Heaves, Coughs, Thick and Broken Wind*, and all diseases which affect the *Wind or Horses*; also, as a *Condition Medicine*, surpassing everything of the kind, is easy to give, sure to cure, and safe in all cases and at all times, and does not prevent the horse from being worked while using it.

It cleanses the ore-taking apparatus, by removing from the air-cells the coagulable lymph, or that secretion which in heaves clogs them, causing a deficiency in breathing, and by its action on the diseased part, causing the mucous membrane to resume its natural dimensions, thus equalizing the circulation of the blood, and restoring the distended vessels to their natural size; by its use the horse's appetite is improved, all derangements of the digestive organs corrected, softening the skin, and giving to the coat a sleek and shining appearance.

AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints:

Scrofula and Scrofulous Affections, such as Tumors, Ulcers, sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1859.

J. C. AYER & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and disordered me all the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully,

Yours,
ALFRED B. TALLEY.

St. Anthony's Fire, Rose or erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1863, that he has cured an inveterate case of *Dropsy*, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous *Salt-rheum*. *Erysipelas* in large doses of the same; says he cures the common *Eruptions* by it constantly.

Bronchocele, Goitre or Swelled Neck.

Reuben Stone, of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a Goitre—a hideous swelling on the neck, which I had suffered from for years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. E. S. Channing, of New York City, writes: "Numerous cases of the above complaints in my family, have been cured by your Sarsaparilla. In the case of the females in my family, which had defied all the remedies we could employ, her health been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your sarsaparilla as the last resort before cutting, and it proved successful. After taking your remedy eight weeks a tumor as large as the fist disappeared."

Syphilis and Mercurial Disease.

NEW ORLEANS, 25th August, 1859.

DR. J. C. AYER: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have used with it, in my practice, most of the compounds for which it is recommended, and have found its effects truly wonderful in the cure of *Venereal and Mercurial Diseases*. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the roof of his mouth. Your Sarsaparilla, steadily taken, saved him his face and nose. Another was attacked by secondary symptoms in his nose. The ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, C. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 4th July, 1859.

DR. J. C. AYER: Sir, I have been afflicted with a painful chronic *Rheumatism* for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the *Liver*, which destroyed my health. I tried everything, and everything failed to relieve me; and I have been a broken-down man for some years from no other cause than *derangement of the Liver*. My beloved pastor, the Rev. Mr. Keep, advised me to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Pits, Epilepsy, Melancholy, Neuralgia

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the profession of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of the more unruly disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. Avoid know the dreadful fatality of these disorders, and as they know, too, the efficacy of this remedy, we need not do more than to assure them that it lies now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.

Partially Prepaid Letters.

3. In applying the 7 cent unpaid rate to letters passing within the Province posted unpaid or not fully prepaid—Postmasters will observe that a letter passes either as prepaid at 5 cents per ½ oz., on condition that the whole postage due be fully prepaid —or at 7 cents per ½ oz. if posted unpaid, or only partly prepaid—in the latter case the full rate of 7 cts. per ½ oz. should be marked and a deduction made therefrom of the amount which may have been paid —thus on an ounce letter prepaid 5 cents only—the rate will be 14 cents and crediting the 5 cents paid —9 cents will remain to be charged, and collected on delivery.

The object of the 7 cent unpaid rate, is to induce pre-payment and thereby relieve the Post Office from cost and trouble of account and collection, but this object is equally defeated whether the letter be wholly unpaid, or but partially prepaid—and therefore the 7 cent rate applies to the whole charge upon the letter in both cases.

In the case of letters to or from the United States, no credit is given for any partial pre-payment of the 10 cent rate—By the United States Post Office Law, any amount of partial pre-payment is forfeited and the letter rated as if wholly unpaid.

Bill, Law and Registration Stamps.

4. Postmasters intrusted with the sale of Bill, Law, or Registration Stamps (stamps to be used in Lower Canada in paying fees on Deeds, &c., in Registry Offices) are required to be careful to keep their accounts and remittances connected with such sales, and the applications for further supplies of such stamps, entirely distinct from their accounts, remittances, and applications in connection with Postage Revenue, Postage Stamps, or Money Order business.

Notice to Public of Office and Mail Hours.

5. Postmasters are reminded that, at every Post Office, a printed or written notice stating the time at which the Mails arrive and close, and the hours for opening the Office in the morning and closing in the evening, should be put up for the information of the public.

Letters posted without Address, &c.

6. When letters are posted without address, or for any other reason, cannot be forwarded by Mail, they are to be sent by first post to the Postmaster General, but before doing so Postmasters should see that they are postmarked, and that the reason for sending them to the Postmaster General is written upon them.

Too late Letters.

7. When a letter is posted at an office after the despatch of the Mail for which it is intended, but on the same day, the Postmaster should mark it opposite the post mark, either by stamp or with pen and ink "Too Late" to shew that the letter was posted too late for the Mail of the day of which it bears the post mark.

Newspapers for delivery not to be read in Post Offices.

8. Postmasters should be careful not to open or read themselves, nor to suffer to be opened or read by any other than the person addressed, any Newspaper or Periodical passing through their Offices or coming to their Offices, for delivery. The practice of allowing Newspapers or Periodicals to be so opened or read, is very reprehensible, and leads to abuses and complaints, even when the irregularity is alleged to take place with the permission of the person to whom the Newspaper or Periodical may be addressed.

Book—Manuscript and Printers' Proofs.

9. In Department Order No. 65, dated 24 Nov., 1863, permission was given for Book—Manuscript, and Printers' Proofs, whether corrected or not, to pass at the printed matter rate of one cent an ounce, and it now appears to be necessary to explain to Postmasters, that by Book—Manuscript, was meant the written sheets of any Book, and the intention was to encourage literary productions, by affording facilities for Authors to send and receive such matter to and from their publishers by Post. Printers' Proofs are the printed impressions taken by a Printer, for correction or examination, of any matter passing through his Press. Under former regulations the written marks correcting such proofs rendered them liable to letter postage when sent by Mail, and the intention of the Department Order referred to was, to relax the rule in favor of such proofs, and allow them when corrected, to retain their character as printed matter, and pass at printed matter rates of charge.
