Notice-W. P. Lett, City Clerk.

City and County Official Paper.

OTTAWA, APRIL 23, 1867.

company His Excellency. A Cabinet two years, and so far from having become a with which the missile was thrown that if meeting will be held at the Executive Coun- millionaire is still compelled to work for a broke in the end of a desk at which a gentlecil Chambers to-morrew, presided over by living. Now, assuming that the projectors man was writing, and at whom it was undoubtthe Administrator, at which it is expected are in carnest, Mr. Shouldier offers to sell edly aimed. The police are on the look-out all the Ministers now in this country will be out his entire establishment, with the good will for the offender.

The protective Legislation of the American laborquestion ; distrust of the financial soundness of trade, with the prospect of a panic; and complaints of unheard of corruptions in means of earning his own bread, while makamong the things of which much may be read in the American papers. How much protective legislation may have helped to be, are requested to take a note of this protoster Legislative corruption, it is impossible to say; but it is neither impossible nor difficult to show that it has had, and always naturally will have, a powerful influence

period in the history of the Republic, are propositions, both of which may be readily proved if the assertions of the press generally throughout the Union, Demograt, Radical corruption and protection may have grown taken into account in determining the tariff- | delay need occur in the matter." whether the protection aimed at is direct or incidental, it is very clear that a certain class in the community acquires a special interest the provisions of the tariff over the interes of the community at large. To serve this per sonal or special interest, "lobbying" parties invest the legislative precincts, and ply the representatives of the people with arguments it may be at first on the specious grounds patriotism and the public weal. But the presentatives of the people do not believe that the patriotism of the country is confined classes engaged in certain branches of busi s; and so the "lobby" men must confess that they are working for their own personal | degree unjust to do it, even if we could do interests, and the Legislator must be inspired with any chance of success. There is not a by the same considerations before he can view solitary point up for discussion concerning the subject in the same light. In a word, the which Toryism or Liberalism have any meanmen, or the body of men, who desire the Leg- ing at all. No new issue has yet declared islature to frame the fiscal legislation of the itself in the working of the New Dominion. country for their own pecuniary advantage. The only question at present is Union. and against that of the country at large, capnot, on principle, object to the legislator who elsewhere-in the teeth of all solicitors also seeks a pecuniary advantage from the foreign interference-again throw an oversame legislation. The clause in the tariff, which will put hundreds of thousands of Jolars in the pockets of the woollen manufactur ers, the saap and candle makers, &c., it is reasoned, and reasoned not without some ground should also put a few thousands into the pockets of those by whose agency that clause becomes law. . If the "receiver is worse than the thief" then the manufacturers who "setting the tariff right " can secure a million or two of dollars, stolen from the pockets of the community secundum legem, are much more guilty than the miserable caitiffs in the Legislature, who, by their votes, filch this

on account of any legislation affecting equally Brigade. The by-law was read a first time, but at four o'clock, on the square in front of the the interests of all classes of the community; | could get no further. A resolution was passed | public buildings, provided the weather is favornor will bribery exist in a Legislature where to call a meeting of the members of the Fire able.
