AYER'S CATHARTIC PILLS.

Are you sick, feeble, and complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health; again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the system, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint is also true in many of the diseases of the human family, and for which these purgative pills are the best remedy known. Cancerous humors, scrofulous infections and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by these same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well known public persons.

From a Forwarding Merchant of St. Louis, Feb. 4, 1856.

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

As a Family Physic.

From Dr. E. W. Cartwright, New Orleans.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very searching and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

Headache, Sick Headache, Foul Stomach.

From Dr. Edward Boyle, Baltimore.

DEAR SIR, AYER: I cannot answer you what complaints I have cured with your Pills better than to say all that we ever treat with a purgative medicine. I place great dependence on an effectual cathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly.

FREDERICK, Pa., May 1, 1855.

DR. J. C. AYER. SIR: I have been repeatedly cured of the worst headache of any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once.

Yours with great respect, ED. W. PREBLE,
Clerk of Steamer Clarion.

Bilious Disorders—Liver Complaints.

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of bilious complaints than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

DEPARTMENT OF THE INTERIOR,
Washington, D. C., 7th Feb., 1854.

SIR: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequence on an effectual cathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly.

Yours, ALONZO BALL, M. D.,
Physician of the Marine Hospital.

Dysentery, Diarrhœa, Relax, Worms.

From Dr. J. A. Green, of Chicago.

Your Pills have been a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for biliary derangements of the stomach. Their sugar-coating makes them very acceptable and convenient for the use of women and children.

Dyspepsia, Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

DEAR SIR: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HIMES.

WARSAW, Wyoming Co., N. Y., Oct. 24, 1855.

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and purify the fluids of the body.

JOHN G. MEACHAM, M. D.

Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, etc.

From Dr. J. P. Vaughn, Montreal, Canada.

Too much cannot be said in favor of your Pills for the cure of costiveness. If others of our fraternity have found them as effacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe constipation to originate in the liver, but your Pills affect that organ and cure the disease.

From Hon. E. Sweet, Physician and Midwife, Boston.

I find one or two large doses of your Pills, taken at the proper time, are excellent promoters of the natural secretions when wholly or partially suppressed, and also very effectual to cleanse the stomach and expel worms. They are so much the best physic we have that I recommend no other to my patients.

From the Rev. Dr. Hamlin, of the Methodist Epis. Church.

PLEASANT HOUSE, Savannah, Ga., Jan. 6, 1855.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and I brought on excruciating neuralgic pains, which ended in *chronic rheumatism*. Nevertheless, during I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.

SUSANNE CHAMBERS, Baton Rouge, La., 3 Dec. 1853.

DR. AYER: I have been entirely cured, by your Pills, of *rheumatic gout*—a painful disease that had afflicted me for years. VINCENT ELIDELL.

☞ Most of the Pills in market contain Mercury, which, although a valuable remedy in skilful hands, is dangerous in a public pill, from the deadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

Price, 25 cents per Box, or 5 Boxes for $1.

Prepared by DR. J. C. AYER & CO., Lowell, Mass.

GOVERNMENT HOUSE,
Ottawa, 21st March, 1867.

PRESENT.

HIS EXCELLENCY THE ADMINISTRATOR OF THE GOVERNMENT IN COUNCIL.

WHEREAS by the Fortieth Chapter of the Consolidated Statutes of Canada, intituled *An Act respecting Emigrants and Quarantine*, it is amongst other things enacted, that "The Governor in Council may from time to time make such regulations as he thinks proper for enforcing compliance with all the requirements of this Act, and for ensuring the due performance of Quarantine, by and in respect of Vessels, Passengers and Goods coming into the Port of Quebec, to which he thinks it right for the preservation of the Public Health, that such Regulations should apply, and for the thorough cleansing and disinfecting of such Vessels, Goods and Passengers, so as to prevent as far as possible, the introduction or dissemination of disease into or in this Province, and may from time to time revoke, alter or amend such Regulations or any of them, and make others in their stead;" and "such Regulations shall have the force of law during the time they respectively remain unrevoked, unless they be expressly limited to be in force only during a certain time or at certain times or seasons, in which case they shall have the force of law during the time and at the times and seasons during or at which they have been limited to be in force:" and "by such Regulations the Governor in Council may require the Master of every Vessel coming up the River St. Lawrence from below the Quarantine Station at Grosse Isle, (except only such Vessels as are therein designated and referred to as excepted,) —to bring his Vessel to anchor at the place at the said Quarantine Station designated in the Regulations, and report such Vessel in writing to the Officer at the said Station designated for that purpose in such Regulations, with all the particulars relative to the same, and to the Voyage, Passengers and Cargo thereof required by such Regulations or by any Officer duly authorised under them to require the same,—and to allow the proper Officer to visit and inspect such Vessel and every part thereof, and the Passengers and crew and the cargo and other articles on board the same, —and to answer truly all questions asked of him touching the same,—and to send on shore at said Station and at the places there pointed out by the Officer thereunto authorized by the said regulations any or all of the Passengers, Crew, Cargo or other articles on board such Vessel, as the said Officer thinks necessary for preventing the introduction of contagious or infectious disease,—and to allow such Passengers, Crew, Cargo and other articles, and also the Vessel itself, to remain so long at the said station and at such places thereat respectively, and to be so treated cleansed, and purified as the said Officer shall think necessary for the purpose aforesaid: And by such Regulations, the Governor in Council may assign to the several Officers and persons to be employed at the said Quarantine Station, the powers and duties necessary for carrying the said Regulations and this Act fully into effect, and may declare that any such Officer or persons shall by virtue of his office or employment be a Justice of the Peace or a Constable or Peace Officer for Grosse Isle and the said Quarantine Station and for the space around the same described in such Regulations, and such Officer shall accordingly be such Justice of the Peace or Peace Officer whether he be otherwise qualified or not: And by such Regulations the Governor in Council may impose fines not exceeding *Four hundred Dollars* in any case, on persons contravening the same and may provide that the offender shall be imprisoned until such fine be paid, and may direct that no Vessel shall be entered or cleared at the Port of Quebec or of Montreal, until all the requirements of such Regulations are fully complied with, and may direct that any Person, Vessel, or thing, who or which has passed or departed or been removed from the said Quarantine Station, before all the requirement of such Regulations have been complied with in respect of such Person, Vessel or thing, or without the written permission of the Officer empowered to authorise such passing or departure, may be compelled to return or be carried back to the said Station, and by force if necessary."

Now therefore it is ordered by His Excellency the Governor General in Council:

1. That all Ships and other Vessels, except the Canadian Mail Steamers, which henceforth and during the eight months next following the *First* day of April in each and every year shall arrive in the Port of Quebec, from any port or ports, place or places in Europe or elsewhere by way of that part of the River St. Lawrence, which is below Grosse Isle, and which shall have at the time of their said arrival, or shall have at during their passage from the places they respectively cleared any person on board laboring under Asiatic Cholera, Fever, Small Pox, Scarlatina or Measles, or other infectious or dangerous disease, or on board of which any person shall have died during such passage, which, being of less tonnage than seven hundred tons measurement shall have on board 13 or more Steerage Passengers, or which being of greater tonnage than seven hundred tons measurement, shall have on board fifty or more Steerage Passengers or which shall have come from some infected Port, shall make their Quarantine at Grosse Isle in the River St. Lawrence, and there remain and continue until such ships or vessels shall be discharged from such Quarantine, by such license or passport, and discharge, given without fee or emolument of any kind, as shall be directed or permitted by such orders as shall be made by the Governor, with the advice of the Executive Council thereof; and until the said ships and vessels shall respectively have performed such Quarantine, and shall be discharged therefrom by such license or passport and discharge as aforesaid persons, goods or merchandize which shall be on board such ships or vessels, shall not come or be brought on shore, or go or be put on board of any other ship or vessel in this Province, except on Grosse Isle aforesaid, when duly required by competent authority.

2. That all ships and vessels which henceforth and during the eight months aforesaid, shall arrive at the Port of Quebec, from any port or ports in Europe, place or places, or elsewhere as aforesaid, of the class or description hereinbefore mentioned, as liable and bound to make their Quarantine at Grosse Isle, to make their further Quarantine in the harbour of Quebec, according to the Regulations hereinafter provided.

3.—*Grosse-Isle.*

All ships and vessels of the class and description hereinbefore mentioned, as liable to make their Quarantine at Grosse-Isle, shall anchor within the space included between Grosse-Isle and a line drawn parallel to it, through the Red Buoy, to be placed as heretofore under the direction of the Superintendent of Pilots, and bounded on the East and West by lines drawn due South from the Western Extremities Cliff Island and Grosse-Isle. The Island shall be so divided as to leave one portion thereof for the hospitals, and for the treatment and reception of those who are laboring under or are threatened with any of the following diseases, namely: Asiatic Cholera, Fever, Small Pox, Scarlatina or Measles, or any other infectious and dangerous disease; and the remaining portion for the reception and accommodation of all passengers and other persons who shall be landed and detained upon the said Island, who shall not labor under or be threatened with any of the said diseases, and no person or persons, unless on duty, shall be permitted to pass from one of the said portions of the said Island to the other, unless they have passports signed by the Medical Superintendent.

4.—*Establishment.*

The Establishment at Grosse-Isle shall consist of a Medical Superintendent, an Hospital Steward, one Orderly, one Cook, one Police Sergeant, and four boatmen. The Medical Superintendent shall, by virtue of his office, be a Justice of the Peace within the limits of the Quarantine station as hereinbefore described, shall be authorized to see the Quarantine duly performed, and for this purpose shall have full power and authority over all officers and other persons whatsoever in Grosse-Isle, or attached to that station, and be authorised to call upon all persons to aid him in enforcing the law and their regulations, and in case of his death, sickness or absence, the officer next in rank employed on the Island, shall have the power and authority aforesaid. And the said Policemen and Boatmen, shall, by virtue of their office, be peace officers, and be vested with all the powers and authority of Special Constables, within the limits of the said Quarantine Station.

5.—*Medical Superintendent.*

The Medical Superintendent (or in case of his death, sickness or absence, the Officer next in rank employed on the Island) shall enforce the said Law and these Regulations, and shall direct ships or vessels to go to such place or places to perform Quarantine, as it may be necessary to send them to. He shall direct all ships or vessels, liable to perform Quarantine, to be brought to anchor within the limits of the Quarantine Anchorage, and generally do all that may be required to enforce rigid obedience to the said law and these Regulations. He shall permit all passengers, or other persons landed on the said Island, to be re-embarked or shipped on board any Steamboat or other Vessel when the Vessel is in a fit state to receive them, and that they have been examined by him and found in a fit state for re-embarkation or for leaving the said Island: and that all such passengers and persons, with their luggage, have been washed, cleansed and purified, and that there does not exist amongst those who are about to proceed, or leave the said Island, any case or symptoms of Asiatic Cholera, Fever, Small Pox, Scarlatina or Measles, or other infectious and dangerous disease.

He shall also go off to vessels bound to make their Quarantine at Grosse-Isle as aforesaid, and put the following questions to the Masters or persons in charge, viz:

1. What is your name and that of your vessel?
2. From whence did you sail, and date?
3. What is your cargo, and whence taken on board?
4. At what place or places did your vessel touch in her voyage?
5. Was such place or places, or any and which of them, infected with the cholera, plague, or any pestilential fever or disease?
6. How many persons were on board when the vessel sailed?
Cabin passengers?
Steerage passengers?
Crew?
7. Have any person or persons during the voyage been infected? or are there now any infected with the cholera, plague or any pestilential fever or disease
8. Did any person or persons, and how many die during the voyage, and from what distemper?
9. Did you or any of the ship's company or passengers, with your privity go on board any ship or vessel, or did any of the company of any ship or vessel come on board your ship in the voyage, and from what part did she sail last?
10. Did you or any of the ship's company or passengers, with or without your privity or consent, land at any place within the Province of Canada?
11. Have you any person on board who is lunatic, idiotic, deaf and dumb, blind or infirm, and are such accompanied by relations able to support them?

If the answers be satisfactory, he shall give a Clean Bill of Health to the Master or person in charge; and such vessel may then proceed to the harbour of Quebec. If the answers be not satisfactory, or the Medical Superintendent has any reason to suspect fraud on the part of the Master or person in charge, crew or passengers, he shall immediately order the vessel to such place as may be appointed for vessels detained under Quarantine of Observation; he shall call for the ship's papers, passenger's lists and log-books, and inspect them thoroughly so as to ascertain the whole of the occurrences during the voyage, and should he meet with any resistance, he will make such signal as may be determined on to show that assistance is necessary.

The Medical Superintendent shall also board all vessels he may consider necessary to inspect. He shall have charge of all vessels detained in Quarantine. He shall direct, if necessary, all steerage passengers to be landed with their luggage. And shall superintend the cleansing and disinfection of vessels. He shall direct the number of passengers to be landed, distinguishing those who require to be treated for pestilential or infectious diseases, and who are to be landed at that part of the said island set apart for such treatment, and who may be landed at that part of the said island set apart for the reception of the healthy and those free from pestilential disease, and he shall be careful that all such persons shall be landed at such places respectively. He shall have medical charge of all cabin passengers who do not disembark, and who may be laboring under any other than pestilential or infectious disease; and shall order all passengers and persons on board any such ship or vessel who shall labour under any pestilential or infectious disease, to be landed with their luggage according to the foregoing regulation.

He shall give medical treatment on board in all cases of slight disease which are not by these regulations specially required to be treated on shore, and when it shall be deemed advisable not to land the passengers on the said Island. He shall whenever a vessel is cleansed, ventilated and put to, direct such vessel to receive on board the whole or any portion of the passengers, or whether the whole or any and which of the said passengers shall remain on the said Island, to proceed up the river by some other mode of conveyance, and he shall, so soon as the passengers are re-embarked on board their ship, or on any ship or vessel leaving the said Island, give a passport or Clean Bill of Health to the Master or person having such vessel in charge, to proceed to Quebec. He shall make returns of the vessels boarded by him as soon as possible after such vessels are visited.

The Medical Superintendent shall have charge of the Hospitals. He shall receive into the Hospitals set apart for the treatment of pestilential and infectious diseases, all persons laboring under or threatened with any such disease. He shall have the general superintendence and direction of everything relating to the sick. He shall visit and inspect all passengers landed from any vessel, and on that part of the Island appropriated for the treatment of pestilential or infectious diseases, or on the part of the said Island appropriated to healthy passengers. Upon the recovery of persons treated for such a disease he shall, after due precaution, transfer such persons to the healthy part of the said Island. He shall superintend the cleansing, washing and purifing of all passengers, and the unpacking and ventilating of their baggage, and when they are in a fit state to proceed, he shall, if need be, cause any baggage or any part of it to be burnt or otherwise destroyed.

6.—*Trades, Sutlers, Grocers and others.*

No persons following the business of Sutlers, Traders, Grocers or other occupations, or concerned in buying or selling, shall be allowed to reside on the Island, except under the license and strict control of the Medical Superintendent, who will have full authority to discharge and send from the Island, all or any such persons, reporting the fact of such discharge and the reason therefor, for the information of the Governor General or person administering the government. All such persons in any way engaged in selling or traffic on the said Island shall be regulated as to prices by lists to be furnished by the Medical Superintendent from time to time, assisted by the Chief Emigrant Agent at Quebec. He shall strictly enquire into and decide upon all complaints of misconduct or breach of the regulations by persons so trading; he shall see that no officer or person employed by the Government, or in any public employment of the said Island, has directly or indirectly any interest or concern in any supply of provisions, or other things to be supplied or furnished, bought or sold upon the said Island or directly or indirectly receives or takes any private gratuity or reward for service rendered to any Masters or Crews of Vessels, Passengers or other persons upon the said Island. And it shall be the duty of all persons to whose knowledge any breach of this Regulation shall come, to report the same forthwith to the Medical Superintendent, who shall enquire into the facts alleged, and may suspend from his office any person so charged until the pleasure of the Governor General, shall be known respecting the person so charged.

7.—*Pilots.*

Pilots having been furnished with copies of the said Act relative to Emigrants and Quarantine and of these regulations, and also of these laws regulating Emigration, shall exhibit the same to the Master or person in charge of every vessel they may board. Every Pilot having charge of a vessel, of the description of those liable to make Quarantine at Grosse Isle as aforesaid, shall bring her to anchor within the limits of the anchorage ground at Grosse Isle hereinbefore defined. They shall also keep a Union-Jack flying at the peak of all vessels under their charge, until boarded by the proper officers.
