Gents: I feel it my duty to ac-knowledge what your Sarasparilla has done for me-liaeing submitted a Scrofnious sufection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distreased me at the stomath. Two years ago it broke out on my head and covered my scale and ears with one sore, which was painful and loaths beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grow worse. At length I was rejoiced tion that any thing you made must be good. I sent to mati and got it, and used it till it cured me. I took it, as you salvise, in small doses of a tenspoonful over a mouth, and used almost three bettles. New and healthy skin soon began to form under the scale which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the species of the age,
