The Hon. Mr. CARTIER, who was a passenger by the Hibernian, remained over at Quebec last night, and will arrive by special train at Montreal this evening, when he will be honored with a public reception by his constituents and fellow-citizens.

The County of Russell, heretofore threatened with a plethora of candidates for parliamentary honors, appears desirous of still in creasing the list from which the electors may select at discretion. We learn that a number have waited upon the Hon. MALCOLM CAM eros, and solicited him to become a candi date for the representation of Russell in the Canadian House of Commons. Mr. CAMERON has not, as yet, given a positive answer either yea or nay, and the fact that he holds the proposal under deliberation, gives his the hope that he may very probably consent to accept the candidature. We state these facts, which have reached usauthority, without any knowledge as to what Mr. CAMERON'S views or intentions may be.

The Medical Council terminated its annual emion at ten o'clock last night. | Several matters of interest to the profession and the public were discussed, for the particulars of which we refer our readers to the report published elsewhere. Space will not permit learned gentlemen held earnest, if not always grave deliberation; but it is evident from the | This may, at all events, be discussed without feeling of the Council that a resort to fresh legislation for the removal of certain grievances will be had at the earliest opportunity It is to be noted that Dr. CLARKE carried his motion in favor of Guelph as the place for the next annual session by an overwhelming many and varied attractions.

the literary " jade" of the Globe, whose influenced the Legislative Assembly elected beldam raving within the past few days is in 1863, to revolutionise the government of the again discovered-when too late-that he has argument is exploded, or he is the most venal der the title "the Union in danger," another | country ; and if not the first what, we ask party howlers," seeing that our columns cention have given daily evidence of temperate and fair discussion; a kind of discussion which, despite the efforts of the Globe to popularize an entirely different style, will win its way to the favor of the common sense of the coun
