turn as usual to politics.

Letters for New Brunswick, Nova Scotis, and P. E Island, via cortland, should be mailed before p m on Wednesday and Saturday; and Newfoundland, eig Boson, before the close of each Cunard steamer's mail from that port. Office bours—S a.m. to 7 p.m.

OTTAWA, JUNE 28, 1867.

Langevin left yesterday, and will accompany to the honorable position of representative of mation and science yesterday, in the morning His Excellency the Governor-General the county, and were his opponent a man of and afternoon, and acquitted themselves satisto this city on Friday.

EDITORIAL CORRESPONDENCE.

ON BOARD THE "VICTORIA," Yesterday my letter was abruptly terminated by the peremptory steam whistle Captain Bowie's travelling residen forgot to say then, that though every else is exceedingly quiet and agreeable. steam whistle of the Victoria is loud, as noisy, and as annoying as that any other boat I know. Yesterday's letter was closed hurriedly

However, it may be added that a cert Mr. Gissoy, who discharges the functions of Reeve, or Deputy, for some of the townships in the County of Prescott, asked to know from Mr. McGEE, whether the minority of Upper Canada were in danger, or it rights were threatened. Mr. McGEE's reply was very plain-in fact, exceedingly He summed up in a very few words the sition of the comparatively small Protestant minority of Lower Caracia, referred to their political power, and the share they had ... Typeka and McGzz, the word "desire" very properly, too-in the Government of the country; and he contrasted that with the position of the large Catholic minority of Upper Canada, who had as yet taken but a very insignificant part in the Legislature The logic of his argument was evidently not so much that the rights of the minority as that their claimshad never been properly Mr. Thorburn's, will hold examinations

Gold in Elzevir.

We received a telegram from the Hon, Bella Flint, this afternoon, dated Bridgewater, which states that Mr. Barry produced a fine show of gold from half a pound of quartz last evening, from his mine; and that from the shaft near the axe factory at Bridgewater, D. McGRATH, York-st. Mr. Carleton obtained the finest show of gold yet had in that section. This location near A Question.—Why will people keep 4 or 5 Michel and by experienced miners as president and by experienced miners as presenting the most promising indications, and the demand for them has steadily increased for the last twenty years, until now the sales one good horse might perform? If the horse it is gratifying to know that as the shaft, is has the heaves, is broken winded, has a cough being deepened; more and better shows of and cold, or his wind in any way affected; if gold are found. It must be remembered that his appetite is bad, or his digestive organs de- it is only within the last two or three weeks anged, has a rough skin or his hide-bound, that active operations have been going on
