City and County Official Paper.

OTTAWA, JULY 23, 1867.

We understand that HIS EXCELLENCE LIEUT. GOVERNOR STISTED entertained dinner last evening, Sir John A. MacDonald and supporters continue to abuse Dr. GRANT and the members of the Provincial Government of Ontario.

The Hon, M. C. CAMERON will be a cand date for the representation of Toronto East the Legislature of Ontario. The Commission er of Crown Lands, Hon. Mr. RICHARDS, has had several constituencies offered him, and notwithstanding the braggart threats of the Globe, will like the other members of the Provincial Government find his way into the Assembly without difficulty.

Mr. CHARLES MAGILL of Hamilton, was waited upon by the Premier of Ontario, and offered a seat in the Cabinet. Mr. MAGILL, as we are informed by the Spectator, declined, because he had already committed himself to Mr. WILLIAMS, as the candidate for Hamilton for the Local Parliament, The Globe and Times, however, attribute his refusal to his extraordinary strength of Brownite faith, and Mr. Magnet is flattered accordingly. The Globe has been in the habit of blowing hot and cold upon Mr. Magill, but, it is rather too much of a good thing to make the legitimate consequences of respect for a local arrangement the ground for attributing to Mr. Magitt political sentiments which we should like to be assured that he himself professes before we shall believe that he enterby Mr. E. B. Wood has given the Premier a colleague of longer Parliamentary experience than Mr. Magill, and one who has occupied quite as prominent a position in the ranks of his party, so that the influence of the Government cannot be said to have been injuriously affected by the substitution of Mr. Wood for the member for Hamilton: We are satisfied that the composition of both the Local and General Governments will comman I the confidence of the great body of the electors of the city of H unilton, and neither Mr. WILLIAMS nor Mr. My GILL will represent them, unless with the understanding that the Governments shall receive a fair trial at their bands., The Globe's game of claiming every one who appears under the name of Reformer, unless he is a Minister of the Crown, is too absurd-save McKenzie, McKellar, Rymal, and John MACDONALD, we know not a member of the late Parliament now before the country for reelection who has squarely committed him self to the Brown platform. PATRICK has kicked it clean away from under him; STIRrox admits the principle but repudiates the practice; WHITE halts half way; COWAN frankly repudiates it; Wood never stood it at all; and we might go on through the long list of Reform M. P. P.'s, without finding half a dozen Brownites. It is only the political fledgelings who feel themselves at home on Mr. Brown's new timbers, and they, poor fellows, will get enough of his iron rule before | Inn, County Russell, has been crowded out of

If Mr. Bell's organ has resolved upon making the contest in Russell as disagreeable to Mr. Bell as possible, it has, hit upon the right plan. Instead of aisavowing the dis we exposed on Saturday, it came out yesterday with a long tirade of personal abuse of the Coulonge on the 25th of June, with a Dr. GRANT, accusing him of mean and dishonorable conduct; saying that he has lent himself to a little coterie of scheming politicians-that his object is simply that of per sonal interest, &c. The Doctor is further accused of having spoken of Mr. BELL'S ability in very high-terms, but many people will be found in Russell who also think Bethune, do.; W. Lent, do.; J. J.
