AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD serofula and Scrofulous Affections, such as Famors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases. J. C. Aven & Co. Gents: I feel it my duty to acknowledge what your farmpurills has done for me. Having inherited a Scrottpus infection. I have suffered from it in various ways for years. Sometimes it burst out in Ulcres on my hands and arms; sometimes it torned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and leatherme beyond description. I tried many medicines and several physicians, but without much relief from any thing. In physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputa tion that any thing you made must be good. I sent to it, as you advise, in small does of a feaspoonful over a mouth, and used almost three bottles. New and healthy shim soon began to form under the scale, which after a while fell off. My skin is now clear, and I know by my can well believe that I feel what I am saying when I tell yest, that I hold you to be one of the apostles of the age, ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rhoum, Scald Head, Ringworm, Sore Eyes, Dropsy. Sept., 1858, that he has cured an inveterate case of Dropay, which threatened to terminate fatally, by the errovering use of our Sarasparille, and also a dangerous Miliguezat Erystpolas by large doses of the same; says is cares the common Breptions by it constantly. Bronchucele, Goitre or Swelled Neck. Zelanion Sian of Prospect, Texas, writes: "Three bot-lies of your Saraparilla cured ine from a Goilre — a hid-case swelling on the neck, which I had suffered from

Leucorrhoa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases. Dr. J. B. S. Channing, of New York City, writes; "I must cheerfully comply with the request of your agent in easing I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Finals Diseases of the Serofulous disthesis. I have cured many inveterin-classes of Leucorrhoen by it, and some where the complaint was caused by alteration of the player. The ulcerion itself was soon cured. Nothing within my knowlion start was caused by alteration devangements."

Leward S. Marrow, of Newbury, Ale., writes, "A dandward S. Marrow, of Newbury, Ale, writes, "A dan-refund oversion fumer on one of the females in my family. his hard defied all the remedies we could employ, has burth been completely cured by your Extract of Sar-parilla. Our physician thought nothing but extirpa-to could afford relief, but he advised the trial of your resparilla as the last resort before cutting, and it wed effectual. After taking your remedy eight weeks a supplement the discuss remains."

Syphilis and Mercurial Disease. Da. J. C. Aven: Sir, I cheerfully comply with the re-I have cured with your Sareaparilla.

I have cured with it, in my practice, most of the compaints for which it is recommended, and have found its facts truly wonderful in the cure of Fenereal and Mergerial Disease. One of my patients had Syphilitic ulcers in his throat, which were consuming his palais and the top of his mouth. Your Sareaparilla, steadily taken, cared him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had con away a considerable part of it, so that I believe the sorder would soon reach his brain and kill him. But it sorder would soon reach his brain and kill him. But it solded to my administration of your Sarsaparilla; the form healed, and he is well again, not of course without one distinction to his face. A woman who had been exted for the same disorder by mercury was suffering an this poison in her benes. They had become so sentitive to the weather that on a damp day she suffered expectating pain in her joints and hones. She, too, was fired entirely by your Sarsaparilla in a few weeks. I sow from its formula, which your agent gave me, that is Preparation from your laboratory must be a great mostly; consequently, these truly remarkable results of hit have not surprised me.

Dr. J. C. Ater: Sir, I have been afflicted with a point chronic Rhemmstirm for a long time, which beffled the lit of physicians, and aturk to me in spite of all the codins I could find, until I tried your Sarasparilla. One tile cured me in two weeks, and restored my general aith so much that I am far better than before I was lacked. I think it a wonderful medicine. J. FREAM. Jules Y. Getcheil, of St. Louis, writer: "I have been microd for years with an offection of the Liver, which stroyed my health. I tried every thing, and every thing pled to relieve me; and I have been a broken-down man some years from no other cause than decongement of Liver. My beloved pastor, the Rev. Mr. Espy, advised in try your Surmparilla, because he said he knew you, of sind it has cured me, and has so purified my blood to make a new man of me. I feel young again. The set that can be mid of you is not half good enough."

Chirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones. A great variety of cases have been reported to us where ures of these formidable complaints have resulted from be use of this remedy, but our space here will not admit new. Some of them may be found in our American thainac, which the agents below named are pleased to urnish gratis to all who call for them.

lyspepsia, Heart Disease, Fits, Epilep-sy, Melancholy, Neuralgia Many remarkable cures of these affections have been take by the alterative power of this medicine. It stimutes the vital functions into vigorous action, and thus corcomes disorders which would be supposed beyond its each. Such a remedy has long been required by the nesolties of the people, and we are confident that this will por them all that medicine can do.

Ayer's Cherry Pectoral,

croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease. This is a remedy so universally known to surpass any ther for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its antivalled excellence for coughs and colds, and its truly conderful cures of pulmonary disease, have made it common throughout the civilized nations of the earth. It is not the communities, or even families, among them to have not some personal experience of its effects—the living trophy in their midst of its victory over the said know the dreadful famility of these disorders, and superior to what is supposed to be imported. Hotel keepers and dealers in Wines would be noted than to assure them that it has now all the virtues. so more than to ascure them that it has now all the virhere that it did have when making the cures which have you so strongly upon the confidence of mankind.

WITH reference to the Circular Desof June, 1866, relative to the case of Foreigners naturalized in any of her Majesty's Colonies who wish to obtain British Passports for foreign travel -I have the honor to inform you that different cases have occurred lately in which such natural. ized Foreigners have applied in this country for Passports without being in possession either of a Passport from the Governor or of any Official Door. ment from the Colony to establish their identity and character. also to cause much private inconvenience to the persons concerned if they should find themselves unable to produce any sufficient evidence of their I have therefore to suggest that, in every Colony containing naturalized Foreigners who are likely to travel in Europe, it would be convenient thanotice should from time to time be given in public newspapers of the necessity for such persons providlog themselves before leaving the Colony with
