as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases. J. C. Aven & Co. Gentus I feel it my duty to acknowledge what your Sarsaparilla has done for me-Having inherited a Scrofnious infection, I have suffered from it in various ways for years. Semetimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In act, the disorder grew worse. At length I was rejoic to read in the tiospel Messenger that you had prepar an alterative (Sarsaparilla), for I knew from your reputa-tion that any thing you made must be good. I sent to Sneinnati and got it, und used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three buttles. New and healthy kin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the discuse has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, ALFRED B. TALLEY.

One of my patients had Syphilitic ulcers in his throat, which were consuming his painto and the top of his mouth. Your Farssparilla, steadily taken, sured him in five weeks. In presenting to the public this Washing Ma chine and Ironing Table, constructed upon new scientific, and philosophical principles, we claim for it a superiority over all washers from in use, This machine operates as a wringer, thereby obvi-ating the wear and tear of clothes, common to the old rubbing principle. It is adjusted by elastic springs, so that either ladies' lace collars, caps, fine needle work or blankets, can be washed without the least wear and tear, and in one fourth part of the time than when washed by hand We claim for it a superiority over every other washer. 1st. It is worth half of its price for a table.
