I refer, among other things, to the improvement of the Grenville and Carillon Canals. I may congratulate you upon the fact that Ottawa has become the seat of Government, not only for the two Provinces of the old Union, but for the Dominion of Canada, April 10. which, we may confidently expect, will ere long embrace the whole of British North America; and it may be permitted in me to April 10. say that, to secure this great honor for our city, I spared no exertions which you had a right to expect from your representative.
