FOR PURIFYING THE BLOOD. and for the speedy cure of the following complaints : Scrofuls and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases. J. C. ATER & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered

from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome seyond description. I tried many medicines and external physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsuparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnationed got if, and used it till it cared me. I took it, as you advise, in small does of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my f-elings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the spottles of the age, ALYEND B. TALLEY.

St. Anthony's Pire. Rore or Erysipelas, Tetter and Salt Rhoum, Scald Head, Ringworm, Sore Eyes, Dropsy. Dr. Robert M. Prebla writes from Salem, N. Y., 12th ept., 1859, that he has cured an inveterate case of Drupey, which threatened to terminate fatally, by the revereing use of our Sarsaparilla, and also a dangerous elignant Ergelpelus by large doses of the same; mys he cures the common Eruptions by it constant Bronchocele, Gottre or Swelled Neck. Zebulon Sloan of Prospect, Texas, writes: "Three botcone awelfing on the neck, which I had suffered from

Leucorrhon or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases. Dr J. B. S. Channing, of New York City, writes; "I most cheerfully comply with the request of your agent in majing I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we suploy such a remody, but especially in Female Diseases I the Scrofnious disthesis. I have cured many inveter-ite cases of Leucorphoes by it, and some where the com-plaint was caused by alcorolion of the aforus. The afortgion itself was soon cdred. Nothing within my knowlige comais it for these female demagements."
Librard S. Marrow, of Newbury, Ala., writes, " A danraiward S. Marrow, of Newbury, Ain., writes, "A danrows corrien furner on one of the females in my family,
high had defled all the remigles we could employ, has
heigh been completely cured by your Extract of Sarcartilla. Our physician thought withing but extirpau could afford relief, but he silvised the trial of your
aparilla as the last resort before cutting, and it
wed effectual. After taking your remedy eight weeks symptom of the disease remains." Syphilis and Mercurial Disease.

NEW OBLEANS, 25th August, 1850.

Dr. J. C. ATER: Sir, I electfully comply with the re-I have cured with it, in my practice, most of the comets truly wonderful in the care of Venerenl and Merof Disus. One of my patients had Syphilitle ulcers as his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, stendily taken, used him in five weeks. Another was attacked by secedary symptoms in his nose, and the ulceration had aben away a considerable part of it, so that I believe the peorder would soon reach his brain and kill him. But it elded to my administration of your Faraparilla; the joers healed, and he is well again, not of course without me disfiguration to his fices. A woman who had been sated for the same disorder by mercury was suffering from this poleon in her bones. They had become so sentive to the weather that on a damp day she suffered exputiating pain is her joints and bones. She, too, was need entirely by your Faresparilla in a few steeks. I grow from its formula, which your agent gave me, that his Preparation from your laboratory must be a great medy; consequently, these truly remarkable results in it have not successed up. ith it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D. theumatism, Gout, Liver Complaint. INDEPENDENCE, Preston Co., Va., 6th July, 1859. I chronic Rheumofirm for a long time, which haffled the ill of physicians, and stuck to me in spite of all the needles I could find, until I tried your Sameparilla. One the cured me in two weeks, and restored my general with so much that I am far better than before I was facked. I think it a wenderful medicine. J. FREAM. Jules Y. Getchell, of St. Louis, writes: "I have been licted for years with an offection of the Liver, which stroyed my health. I tried every thing, and every thing lab to relieve me; and I have been a broken-down man some years from no other cause than decongement of Liver. My beloved paster, the Rev. Mr. Espy, advised to try your Sarsaparilla, because he said he knew you, any thing you made was worth trying. By the bless-og of God it has cured me, and has so purified my blood to make a new man of me. I feel young again. The at that can be said of you is not half good enough."

chirrus, Cancer Tumors, Enlargement, Ulceration, Carles and Exfeliation of A great variety of cases have been reported to us where uses of these formidable complaints have resulted from the use of this remody, but our space here will not admit item. Some of them may be found in our American manac, which the eigents below named are pleased to senish gratis to all who call for them.

dyspepsia, Heart Disease, Fits, Epilep-sy, Meiancholy, Neuralgia Many remarkable cures of these affections have been ade by the alterative power of this medicine. It stimules the vital functions into vigorous action, and thus cercomes disorders which would be supposed beyond its tach. Such a remedy has long been required by the nessities of the people, and we are confident that this will y for them all that medicine can do.

Cherry Pectoral, FOR THE RAPID CURE OF

croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease. This is a remedy so universally known to surpass any sher for the cure of throat and lung complaints, that it s nacies here to publish the evidence of its virtues. Its surivalled excellence for coughs and colds, and its truly conderful cures of pulmonary disease, have made it moves throughout the civilized nations of the earth. Fow are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the jubile and dangerous disorders of the throat and lungs.

de all know the dreadful fatality of these disorders, and se they know, too, the effects of this remedy, we need not to more than to assure them that it has now all the virnes that it did have when making the cures which have you so strongly upon the confidence of mankind. Every person should set out largely of the Gree rolific. The berry is nearly as large as the Golden Queen, very early, tender and sweet. It is re-commended very highly in the eastern part of the state where it is better known. In fact, the Golden Queen and Green Prolific are the two best berries in cultivation. The Golden Queen sells in our market for four shillings per quart where the Wilson, on the same stand, only brings twenty-five cents—never have sold the Golden Queen and Green Prolific for less than twenty-five cents, when the Wilson brought only twelve cents. Many persons in Rochester are setting a bed of the Golden Queen on purpose to mix the berries with the Wilson hey get from five to seven cents more per quart for he Wilson by doing so.

SOMETHING NEW

THE NORTH AMERICAN

Patented at Ottawa, March 4th, 1867. THE ACKNOWLEDGED CHAMPION OF PATENTS!

It is Economical, Simple in Construction, And can be worked with little labour.

FACTS FOR THE PEOPLE. In presenting to the public this Washing Mathine and Ironing Table, constructed upon new scientific, and philosophical principles, we claim for it a superiority over all washers now in use. This machine operates at a wringer, thereby obviating the wear and tear of clothes, common to the old rubbing principle. It is adjusted by elastic springs, so that either ladies lace collars, caps, fine needle work or blankets, can be washed without the least wear and tear, and in one-fourth part of the time than when washed by hand. We claim for it a superiority over every other washer.

1st. It is worth half of its price for a table.

2nd. It will do the washing for a common family in one hour. 3rd. It will pay for itself in a family of eight persons, in one year, in saving the wear and tear 4th. It leaves no room for competition, and chal-

enges the world to produce its equal. In fact the North American Washer and Ironing Table Combined, is acknowledged by all who have witnessed its operations, to be both a money and labor-saving machine and no tamily should be without it.

DESERVED SUCCESS.
