FOR PURIFYING THE BLOOD. and for the speedy cure of the following complaints: scrofula and Serofulous Affections, such as Tamors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

J. C. ATEN & Co. Gents: I feel it my duty to acknowledge what your Sarasparilla has done for me-liaving inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Clears on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sare, which was painful and leathsome a-road description. I tried many medicines and several physicians, but without much relief from any thing. In act, the disorder grew worse. At length I was rejoiced to read in the Geopel Memonger that you had prepared an alterative (fareaparilla), for I knew from your reputation that any thing you made must be good. I sent to in innatiand got it, and used it till it cured me. I took at, as you salvise, in small does of a tenspoonful over a mouth, and used aiment three bottles. New and healthy shin soon began to form under the scale, which after a while felt off. My skin is now clear, and I know by my teelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apastles of the age, and remain ever gratefully. Yours.

hw. J. C. Aven; Sir, I cheerfully comply with the remet of your agent, and report to you some of the effects there realized with your Sareaparilla.

I have cured with it, in my practice, most of the comec's tenly wonderful in the cure of Fenereal and Merteel Disease. One of my patients had Syphilitic ulcers so his thront, which were consuming his palate and the op of his month. Your Sarasparilla, stendily taken, used him in five weeks. Another was attacked by recatter symptoms in his nose, and the ulceration had also away a considerable part of it, so that I believe the sweeks sough soop reach his brain and hill him. But it coded to my administration of your Sursaparilla; the joers healed, and he is well again, not of course without one disaggration to his face. A woman who had been cated for the same disorder by mercury was suffering a m this come in her bones. They had become so sensive to the weather that on a damp day she suffered excuciating unin in her joints and bones. She, too, was bred entirely by your Farsuparilla in a few weeks. I tried every thing, and every thing ied to relieve me; and I have been a broken-down mar some years from no other cause than derus

A great variety of cases have been reported to us where uses of these formidable complaints have resulted from the use of this remedy, but our space here will not admit hem.
