PILLS. complaining? Are you out of order, with your system de-ranged, and your feelings uncomfortable? These symp-toms are often the prelude to serious Illness. Some fit of sickness is creeping upon you, and should be averted by a imely use of the right rem edy. Take Ayer's Pills, and cleanse out the disordered humors - purify the blood, and let the fluids move on unobstructed in health again, They attenuate the functions

of the body into vigorous ac-tivity, purify the system from the obstructions which make the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the decangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyans feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seased and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and decangements of the natural functions of the tions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure.

From my long personal intercourse with you as a resident tariner of the County, as a member of

" Law in favour of a reasonable Homestead Law, thereby securing to the farmer free from all risks an indedependent position in the declining years of his life. As in the Government of the New Dominion these is a Minister of Agriculture (thereby foreshadow ing that special interest is to be taken by the Gene ral Government in that important branch of our industry), if elected to the House of Commons of the

Dominion of Canada, I will devote special itication to the furtherance of that interest. At the tend holding meetings in your sifferent localities. during the contest, I will then be able to explain my views more fully.
