J. B. CLINE offers to the public a remarkable Strawberry, THE GOLDEN QUEEN. It is of a beauti-ful bright searlet color; of high flavor, and enormously productive—many berries measuring six inches in circumference. It ripens fifteen days after the Wilson, and is thus most valuable as a late berry for family use or marketing. I picked nice berries of the Golden Queen as late as the 17th of

in cultivation. The Golden Queen sells in our Alliance for Cobden, connecting with steamer James market for four shillings per quart where the Wilson, on the same stand, only brings twenty-five cents—never have sold the Golden Queen and Green days, Thursdays and Saturdays for Des Joachims, Prolific for less than twenty-five cents, when the Wilson brought only twelve cents. Many persons in Rochester are setting a bed of the Golden Queen on purpose to mix the berries with the Wilson— which leaves Pembroke Landing at 1 p. m., and they get from five to seven cents more per quart for | arriving at Portage du Fort same evening: the Wilson by doing so.

THE GOLDEN QUEEN STRAWBERRY .- Those who desire to raise a fruit of Tomato size and Straw. Ann Sisson at Pontiae at noon. Passengers reach berry flavor, will find just what they are looking for in the Golden Queen.
