1.19, Messrs. BEATY and CAMERON have had a gloneus triumph. In the Western Division it was not only a victory, but a complete extinguisher for the factionists; in the Eastern Division, though the majorities are not quite so large still they are large enough to put all cavil at deflance. The election in Toronto has threetimes the value of that in South Ontario. In the latter, when all was done we could only his seat. In Toronto we have four well pronounced Conservatives carrying everything before them, not in the cause of Conservatism, but in the cause of union-in support of the Local and General Governments. triumph in the whole Province of Ontario can equal in influence the result of the test in Toronto-with that carried, the very backbone of faction is broken, the last prop on which Mr. Bnown leaned has been taken away, and nothing now remains for his party but an ignominious wholesale defeat.

Messrs. Harrison and Wallis for the West, were sure from the first of election by a handsome majority—the result no doub has surprised their most sanguine friends. In the East, everyone expected the triumph of the Hon. M. C. CAMERON, but few expected that he would have been returned by so large a majority. With respect to Mr. JAMES BEATY, many thought that because of the misunder standing with Mr. MEDEALF's friends, he would have been defeated, but we had every confidence that the result would tell a different story. We congratulate Mr. BEATY on the success of his candidature, a success that has been well earned by him, and one which we are sure will have a most important influence on the elections yet to be held Mr. BEATY deserves well of the country for having thrown himself into the breach, and carried the contest to a successful issue. But for him, the Brown-Stock alliance might have list to the cause of Union, it would indeed years to enter public life. The meaning of it carried everything before it. With Toronto have been a bad prospect throughout the country, but with Toronto carried-and for this result, let us give all due credit to Mr. is not the reflex of the public opinion Johnson, of Sunnyside; Mr. D.
