AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD. erofula and Scrofulous Affections, such Pimples, Pustulés, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1889 J. C. Aven & Co. Gents: I feel it my duty to acknowledge what your farmparilla has dene for me. from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and cars with one sore, which was painful and loathsome sepond description. I tried many medicines and several dysicians, but without much relief from any thing. act, the disorder grew worse. At length I was rejeited to read in the Gospel Messenger that you had prepared in alterative (Sarsiparilla), for I knew from your rethey that any thing you made must be good. I sent to incinenti and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a south, and used almost three bottles. New and healthy skin soon tegan to form under the scab, which after a while fell off. My skin is now dear, and I know by my can well-believe the. I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully. Yours,

St. Anthony's Pire, Rore or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy. Dr. Robert M. Proble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of Dropey, which threatened to terminate fatally, by the percevering use of our Surmparilla, and also a dangerous M. lignant Erysipelus by large doses of the same; says be cares the common Eruptions by it constantly. Bronchocele, Gottre or Swelled Nock. Zebulon Sloan of Prospect, Texas, writes : "Three botfirst of your surmanilla cured me from a Goire - a hid-Leucorrhea or Whites, Ovarian Tumor,

Uterine Ulceration, Pemale Diseases. Pr J. R. S. Channing, of New York City, writes; "I meet elserfully comply with the request of your agent in saving I have found your Sarvaparilla a most excellent afterative in the numerous complaints for which we supley such a remedy, but especially in Female Discuss of the Scrofulous diathesis. I have cured many inveterste cases of Leucorrhies by it, and some where the comsint was caused by alecrotion of the airrae. The alecryion itself was soon enred. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A denerous correct tenor on one of the females in my family, thich had defied all the remedies we could employ, has I length been completely cured by your Extract of Sar-oparitia. Our physician thought nothing but extrap-y a could afford reliaf, but he advised the trial of your are parilla as the last resort before cutting, and it wol effectual. After taking your remedy eight weeks as apaptom of the disease remains." Syphilis and Mercurial Disease.

NEW ORLEANS, 25th August, 1850.

Du. J. C. Aten: Sir, I cheerfully comply with the repest of your sgent, and report to you some of the effects
have realized with your Sarasparilla.

I have cured with it, in my practice, most of the comjoints for which it is recommended, and have found its sects truly wonderful in the cure of Venerval and Merperiod Discuss. One of my patients had Syphilitic ulcers as his throat, which were consuming his palate and the top of his mouth. Your Sarsoparilla, steadily taken, ared him in five weeks. Another was attacked by secaten away a considerable part of it, so that I believe the sorder would soon reach his brain and kill him. But it sided to my administration of your Sarsoparilla; the cers healed, and he is well again, not of course without me disfiguration to his face. A woman who had been ated for the same disorder by mercury was suffering on this poison in her bones. They had become so sensive to the weather that on a damp day she suffered ex-peciating pain in her joints and hones. She, too, was need entirely by your Sarvaparilla in a few weeks. I good from its formula, which your agent gave me, that his Preparation from your laboratory must be a great smedy; consequently, these truly remarkable results ith it have not surprised me. e Fraternally yours, G. V. LARIMER, MSD.

Avru: Sir, I have been afflicted with a painchronic Rheumoties for a long time, which buffled the pill of physicians, and stuck to me in spite of all the neclies I could find, until I tried your Sarsaparilla. One the cured me in two weeks, and restored my general with so much that I am far better than before I was sacked. I think it a wenderful medicine. J. FREAM. Jules Y. Getchell, of St. Louis, writes: "I have been flicted for years with an offection of the Liver, which stroyed my health. I tried every thing, and every thing eled to relieve me; and I have been a broken-down mansome years from no other cause than decongement of Liver. My beloved pastor, the Rev. Mr. Kepy, advised to try your Sarsaparilla, because he said he knew you, al any thing you made was worth trying. By the bless og of God it has cured me, and has so purified my blood to make a new man of me. I feel young again. The st that can be said of you is not half good enough." chirrus, Cancer Tumors, Enlargement, Ulceration, Carics and Exfoliation of A great variety of cases have been reported to us where

ures of these formidable complaints have resulted from he use of this remedy, but our space here will not admit em. Some of them may be found in our American limanac, whith the agents below named are pleased to srnish gratis to all who call for them. dyspepsia, Heart Disease, Pits, Epilep-Many remarkable cures of these affections have been under by the alterative power of this medicine. It stimutes the vital functions into vigorous action, and thus corromes disorders which would be supposed beyond its tach. Such a remedy has long been required by the ne-usities of the people, and we are confident that this will) for them all that medicine can do.

Ayer's Cherry Pectoral, Croup, Bronchitis, Incipient Con-sumption, and for the Relief of Consumptive Patients in advanced Stages

of the Disease. This is a remedy so universally known to surpass any ther for the cure of threat and lung complaints, that it is useless here to publish the evidence of its virtues. Its anrivalled excellence for coughs and colds, and its truly renderful cures of pulmonary disease, have made it inown throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and Jungs. who have tasted the wine, consider it a very good article, and superior to what is were good article, and superior to what is were good article, and superior to what is were good article. article, and superior to what is supposed to be imso more than to assure them that it has now all the virmost that it did have when making the cures which have son so strongly upon the confidence of mankind. It cleanses the breathing apparatus, by removing from the air-cells the coagulable lymph, or that secretion which in heaves clogs them, causing a difficu'ty in breathing, and by its action on the
