WE may accept the information conveyed 'n our despatch from Sackville, published vesterday morning, as conclusive that the anti-Confederates nave made almost a clean sweep of Nova Scotia, sparing only Dr. Tur. This is worse than we anticipated, and shows, by contrast, how much the friends of Union have sacrificed in that Province, compared with those in Quebec, New Brunswick and Ostario. But when the question took practical shape in Canada Mr. Howe was out of political life, and held, we | Carleton, John Holmes, believe, the office of Fisheries Commissioner, under the Imperial Government.
