CATHARTIC PILLS. complaining? Are you out of order, with your system deranged, and your feelings un-comfortable? These symp-

toms are often the prelude t serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and mors - purify the blood, and let the fluids move on unobstructed in health again, They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and ob-structs its natural functions. These, if not relieved, reart upon themselves and the surrounding organs, pro-ducing general aggravation, suffering, and disease.

While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeting of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these l'ills, will neglect to employ them when suffering from the disordérs they cure. the disorders they cure.

Sur: Allow me to congratulate you on the per-fection of your preparation called "Royal Italian Bitters." I have prescribed it to many of my patients who had need of tonies to invigorate their energies, without failure in any case. This preparation besides being composed entiresesses every quality which constitutes a wholesome beverage and tonic in a remarkable degree. By the stimulants and bitters which it contains, it acts

By the tonic ingredients, and especially by the fron which enters into its composition, it acts on sistency more decided, a development more complete, a functional energy more regular: the glob-ules of the blood become richer, the vital energies greater, the muscular system more powerful, the nervous system calmer. its energies and strengthen its organs.

This preparation, by its elegant appearance, its delicious flavour, and above all by its restorative properties, deserves to attract public attention, and should be considered as infinitely superior to all articles of the kind which have appeared to the
