Sarsaparilla FOR PURIFYING THE BLOOD. And for the speedy cure of the following complaints: serofula and Serofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OARLAND, Ind., 6th June, 1859. J. C. Avan & Co. Gents: I feel it my duty to ac-Having inherited a Scrofulous infection. I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp ad ears with one sore, which was painful and leathsome sepond description. I tried many medicines and several scians, but without much relief from any thing. et, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsoparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinuati and got it, and used it till it cured me. I took it, as you advise, in small doses of a tenspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the aposties of the age, and remain over gratefully. Yours, ALFRED R. TALLEY.

St. Anthony's Fire. Rose or Eryslpelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy. Dr. Robert M. Proble writes from Salem, N. Y., 12th Sept. 1500, that he has cured an inveterate case of Dropey which threat-ned to terminate fatally, by the oring use of our Sarsaparilla, and also a dangerous Malignant Erysfyrias by large doles of the same; says he cures the common Eruptions by it constantly. Bronchocele, Goitre or Swelled Neck. Zebulon Sloan of Prospect, Texas, writes: "Three botthes of your careaparilla cured me from a Goilre - a hidcons swelling on the neck, which I had suffered from Lencorrhea or Whites, Ovarlan Tumor,

Uterine Ulceration, Female Diseases. Dr. J. B. S. Channing, of New York City, writes; "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent afterative in the numerous complaints for which we uplay such a remedy, but especially in Finale Diseases I the Scrofulous diathesis. I have cured many invetersta cases of Lencorrhoes by it, and some where the complaint was caused by ulceration of the uterus. The ulcercloss itself was soon enced. Nothing within my knowlquals it for these female derangements." Edward S. Marrow, of Newbory, Ala., writes, "A danrous secrian fumer on one of the females in my family, isch had defied all the remedies we could employ, has length been completely cured by your Extract of Sarparilla. Our physician thought nothing but entirpom could afford relief, but he advised the trial of your emparilla as the last resort fore cutting, and it wed effectual. After taking your remedy eight weeks symptom of the disease remains."

Syphilis and Mercurial Disease.

New ORLEANS, 25th August, 1850. Da. J. C. Aren: Sir, I cheerfully comply with the represt of your agent, and report to you some of the effects have realized with your Sur-aparilla. I have cared with it, in my practice, most of the corntints for which it is recommended, and have found its sets truly wonderful in the cure of Venered and Merreal Directs. One of my patients had Syphilitic nicers n his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, ured him for five weeks.' Another was attacked by secndary symptoms in his nose, and the alceration had aten away a considerable part of it, so that I believe the sorder would soon reach his brain and kill him. But it alded to my administration of your Sarsaparilla; the fours healed, and he is well again, not of course without one disfiguration to his face. A weman who had been ated for the same disorder by mercury was suffering om this poison in her bones. They had become so sen-tive to the weather that on a damp day she cullered exruciating pain in her joints and bones. She, too, was red entirely by your surrespecials in a few weeks. I now from its formula, which your agent gave me, that Lis Preparation from your laboratory must be a great medy; consequently, these truly remarkable results a ith it have not surprised me.

One tie cured me in two weeks, and restored my general dth so much that I am far better than before I was tacked. I think it a wonderful medicine. J. FREAM. Jules Y. Getchell, of St. Louis, writes: "I have been flicted for years with an offection of the Liver, which droyed my health. I tried every thing, and every thing led to relieve me; and I have been a broken-down man some years from no other cause than decongement of Liver. My beloved pastor, the Rev. Mr. Espy, advised to tr; your Sursuparilla, because he said he knew your, d any thing you made was worth trying. By the blos of God it has cured me, and has so parified my blood to make a new man of me. I feel young again.
