#### Speech of the Hon. Mr. McKeagney, Delivered 14th Nov., 1867.

Hon: Mr. McKEAGNEY said :- Late as is the hour, Mr. Speaker, and much as I desire to avoid occupying the time of this House with any remarks of mine on a subject which has already become exhausted, I feel it my duty, ents, in behalf of the Province of Nova Scotia, to enter my protest, my emphatical protest, against this Confederation scheme, because think it unjust to Nova Scotia, and more especially do I protest against the manner-the very improper manner-in which it has been consummated. The friends of the measure have time and again attempted to justify the action of the Assembly by the fact, the bald fact, that they had the power to change the constitution. I deny the position in the sense that it can be done with beneficial results or for any practical purpose. Do we not know, sir, that theory and practice are very different things? Supposing, for the sake of argument, that Parliament in the picnitude of its power does undertake to consummate an Act (a Constitutional Act let it be called) at variance with the wishes of the people, will there be anything gained by such a course? Nothing whatever, and the statesman who are caused by drinking impure Tea. #### CAUTION.

THE perfection and cheapness of the American (Waltham) Watch have given it such a wide-world celebrity that unscrupulous dealers years ago imitated its style and pirated its trade marks. Irresponsible dealers are occasionally found who dishonestly trade upon the popularity f the American watch by selling a base imitation under the name of the genuine article. It is hardly necessary to state that such watches are worthless as time keepers, and when bought for the genuine are calculated to injure the high reputation which our watches have attained. The several grades of the American watch (except the lowe-t grade marked Home Watch Co,) are guaranteed by special certificate bearing the number of the watch and the signature of the Treasurer of the Company. R. E. Robbins. The purchaser should in all cases require one of these certificates, which is furnished

Gentlemen—The watches Manufactured by you have been in use on this Railroad for several years by our engine men, to whom we furnish watches as part of our equipment. There are some THREE HUNDRED OF THEM CARRIED ON OUR LINE, and we consider them GOOD and RELIABLE TIME-KEEPERS. Indeed I have great satisfaction in saying YOUR WATCHES GIVE US LESS TROUBLE and have worn and do wear much longer without repairs than any watches we have ever had in use on this road. As you are aware we former'y trusted to those of English manufacture, of acknowledged good reputation, but as a class they never keep time as correctly, nor have they done as

Gentlemen-I have no hesitation in saying that I believe the great majority of locomotive engineers have found by experience that WALTHAM WATCHES ARE THE MOST SATISFACTORY of any tor their uses. They RUN WITH THE GREATEST ACCURACY AND STEADINESS, notwithstanding the rough riding of an engine ; and as I have NEVER KNOWN ONE TO WEAR OUT, they must be be durable. I hope to see the time when railway companies will generally adopt your watches, and turnish them all to engineers and conductors. In my opinion it would greatly tend to promote regularity and safety.

OPENING OF THE First Confederate Parliament

History of the New Dominion, W. NOTMAN has decided in conjunction with Mr. J. A. FRASER to commemorate the same in the shape of a large pic ure embracing portraits of all present on the oc-casion, and as it is utterly impossible in the neces-sarily hurried sketch taken on the spot to secure likenesses, all present are respectfully invited to call and sit for their individual portraits, either at MR. NO CMAN'S Studio in Montreal or at his New Establishment now building and which will shortly be opened in Ottawa.
